NOTE

The census enumeration was carried out in full according to plan but the Government of India decided to restrict the tabulation for British India. Consequently the tables in this volume cover less than half the contemplated range and offer in effect only the distribution of the population by community and by province or state, district, tehsil and town.

2. The slips in which the remaining unsorted information is to be found are stored in each province against a possible reopening of tabulation in happier circumstances.

I—AREA, HOUSES AND POPULATION

This table gives for each district of the province, and for the States of Rampur, Tehri-Garhwal and Benares the area in sq miles, the total number of towns and villages, the number of occupied houses and the population on March 1, 1941, in urban and rural areas. These details for the tehsils, together with the percentage of variation in the population since the last census, will be found in Provincial Table I, and the population of districts and tehsils by community and literacy in Provincial Table II. The number of occupied houses in towns and villages of each district, and their population by community will be found in the district census statistics.

3. The areas given at the last census in Imperial Table I were based on the district records of tehsil areas, and the difference between the provincial areas as now given by the Survey Department and the Provincial area at the last census as based on the district records is—332 square miles. Out of this the real reduction in area is of 71 miles only which is due to the following extra and intra-provincial transfers :—

Extra Provincial Transfers

- (a) 2 sq miles of district Bulandshahr was transferred to district Gurgaon in Punjab.
- (b) (i) 3 sq miles of district Karnal, Punjab, added to Muzaffarnagar district.
(ii) $\frac{1}{2}$ sq mile of district Muzaffarnagar was transferred to district Karnal, Punjab.
- (c) 1 sq mile of district Meerut was transferred to district Karnal, Punjab.
- (d) 1 sq mile of district Dehra Dun was transferred to Sirmoor State, Punjab.
- (e) 9 sq miles of district Ballia was transferred to Saran district Bihar.

Intra-Provincial Factors affecting Total Area of the Province

(a) It appears that the areas of districts Farrukhabad, Etawah, Cawnpore, Allahabad, Jhansi, Ghazipur, Muzaffarnagar and Ballia and Benares State were incorrectly shown at last census. The net result was that the area of the province was then shown less by 24 square miles.

(b) On account of resurvey in some districts, preparatory to re-settlement a decrease of 84 square miles has occurred. The districts concerned are :—

Aligarh, Sitapur, Kheri, Bahraich, Sultanpur, Pilibhit, Fyzabad, Gorakhpur, Muzaffarnagar and Bijnor.

Intra-Provincial Factors which do not affect the Total Provincial Area

The following changes in district boundaries were made since 1931 :—

- (a) 1 sq mile added to Budaun district from Bareilly district.
- (b) 2 sq miles added to Bareilly district from Pilibhit district and 1 sq mile transferred from Bareilly district to Budaun.
- (c) 2 sq miles transferred to Pilibhit district from Bareilly district.
- (d) 1 sq mile transferred from Cawnpore district to Unao district.
- (e) 1 sq mile added to Unao district from Cawnpore.
- (f) 5 sq miles added to Muzaffarnagar district from Bijnor district and 7 sq miles transferred from Muzaffarnagar district to Bijnor district.
- (g) 7 sq miles added to Bijnor district from Muzaffarnagar district and 5 sq miles transferred from Bijnor district to Muzaffarnagar district.
- (h) 1 sq mile added to Gorakhpur district from Fyzabad district.
- (i) 8 sq miles added to Fyzabad district from Basti district and 1 sq mile transferred from Fyzabad district to Gorakhpur district.
- (j) 8 sq miles transferred from Basti district to Fyzabad district.

4. In columns 3 and 6 " Towns " include as separate units :—

- (a) Municipalities (*i.e.*, areas under United Provinces Act II of 1916).
- (b) Notified areas (*i.e.*, areas under United Provinces Act II of 1916, sections 337 and 339).
- (c) Town Areas (*i.e.*, areas under United Provinces Act II of 1914).
- (d) Cantonnments.

(e) Any other continuous group of houses permanently inhabited by not less than 5,000 persons which, having regard to the character of the population, the relative density of the dwellings, the importance of the place as a centre of trade and its historic associations, the Provincial Census Superintendent decided to treat as a census town.

5. In column 4 "villages" mean "inhabited revenue mauzas" which have not been absorbed in towns. There has been a reduction of 5,228 villages. The causes of variation are as below :—

- (a) At the last census some hamlets were counted separately from the revenue mauzas in which they were situated, and some forest areas were included by mistake.
- (b) The settlements which have taken place in the last ten years in some districts have resulted in the reduction in the number of revenue mauzas.
- (c) A number of revenue mauzas have become uninhabited.

6. In columns 5—7 "occupied houses" mean "census houses." A census house is not a structural house, but the dwelling place of a single commensal family. The number of occupied houses given in column 7 include the occupied houses in revenue "mauzas", their hamlets, and in forest areas not included in revenue mauzas.

7. In columns 9, 12 and 15 the "urban" population consists of all persons enumerated in census towns, as defined in paragraph 3 *supra*. The "rural" population in columns 10, 13 and 16 means the population enumerated in all other places.

8. The total urban population is 6,999,436 and rural 49,347,020. The ratio of urban to rural population is 1 : 7.

(The urban : rural ratio calculated on the population living in towns of 5,000 and over is 130 : 1,000 ; *i.e.*, 1 : 8).

9. The total number of males is 29,542,475 and of females 26,803,981. The ratio of males to females is 11 : 10.

10. The total number of occupied houses is 11,187,020 and the total population is 56,346,456, which gives an average of 5 persons per commensal family.

II.—VARIATION IN POPULATION DURING FIFTY YEARS

1. In the few cases where since last census changes of boundary have occurred which involved populated areas, the populations of all previous censuses have been adjusted.

2. In those cases where an adjustment of the population was necessary on account of any territorial transfer, and where the figures of the actual population transferred were available the adjustment has been based on these actual figures. For 1931 the actual figures were available for all territorial transfers, but in some cases the actual figures of the earlier censuses were not available, and the required adjustment has been made on the assumption that the proportion of the population in the area transferred to the total population of the district in which it was situated at the time of the transfer was the same at those enumerations as it was in 1931.

3. The provincial total population has been affected by the following transfers :—

District	Area in sq miles (added+ excluded—)	Population of 1921 (added+ excluded—)			Causes of transfer
		Total	Males	Females	
1 Bulandshahr	—2	—12	—7	—5	The transfer has been made to district Gurgaon in Punjab and is due to fluvial action.
2 Ballia	—9	—269	—154	—115	The transfer has been made to district Saran in Bihar and is due to diluvion action.

A. The transfer by alluvial action of an area of 1 sq mile from Dehra Dun district to Sirmoor State (Punjab) involved no population.

The transfer by diluvion action of an area of 1 sq mile from Muzaffarnagar to Karnal district (Punjab), and the addition of 3 sq miles from Karnal to Muzaffarnagar involved no transfer of population.

The transfer of 1 sq mile from Meerut district to Karnal district (Punjab) involved no transfer of population.

5. Adjustments have been made for transfers between Shahjahanpur and Budaun districts which, however, do not affect the provincial total population.

6. The figures of population, as given in the table, are for identical areas of each district for each census. The total variation in the population since 1891 for the United Provinces and Rampur, Tehri-Garhwal and Benares States is + 8,665,445, and the percentage increase 18.2.

The following selected tribes of the last census have been omitted as their numbers were very small :—
 Badhik, Barwar, Bhil, Kaparia, Karwal, Khairwa, Kharot and Kotwar.

Pasi tribe has been included for the first time on account of importance.

3. The figures for each of the associated tribes of the Agaria group are as below :—

	Persons	Males	Females
Agaria	6,323	2,913	3,410
Bhuiya	603	513	90
Bhuiylar	6	6	..
Cheru	5,110	2,949	2,161
Ghasia	722	372	350
Khairaha	635	345	290
Kharwar (excluding Benbansi)	3,978	2,452	1,526
Majhwar (or Manjhi)	18,245	9,496	8,749
Pankha	3,312	1,785	1,527
Parahiya	493	271	222
Patari	384	213	177
Total	39,811	21,315	18,496

4. 26 of the tribes shown in this table also appear under the Scheduled Castes as they were included under that category in the Order in Council under the Government of India Act. On the other hand the Hinduisation of these tribes has not yet advanced so far as to justify their disappearance from the list of tribes in the United Provinces. It is therefore desirable from the anthropological and other points of view that their numbers and distribution should appear separately. Hence they have been included in this table.

The causes of variations are :—

- (a) a few extra-provincial transfers,
- (b) minor changes in tehsil boundaries due to fluvial action,
- (c) resurvey, and
- (d) corrections of tehsil areas.

3. Where any population was transferred with the land, the population figure in column 9 and the percentage variation figure in column 11 have been adjusted. In the following districts only changes of area since 1931 have involved an adjustment of 1931 population :—

District	Variation in population
1. Bulandshahr	—12 persons
2. Ballia	—269 „
3. Budaun	+287 „
4. Shahjahanpur,	—287 „
5. Jalaun	{ —6,004 „
	{ +6,004 „
6. Ghazipur	{ —63,026 „
