VILLAGE & TOWNWISE PRIMARY CENSUS ABSTRACT

JAMNAGAR DISTRICT

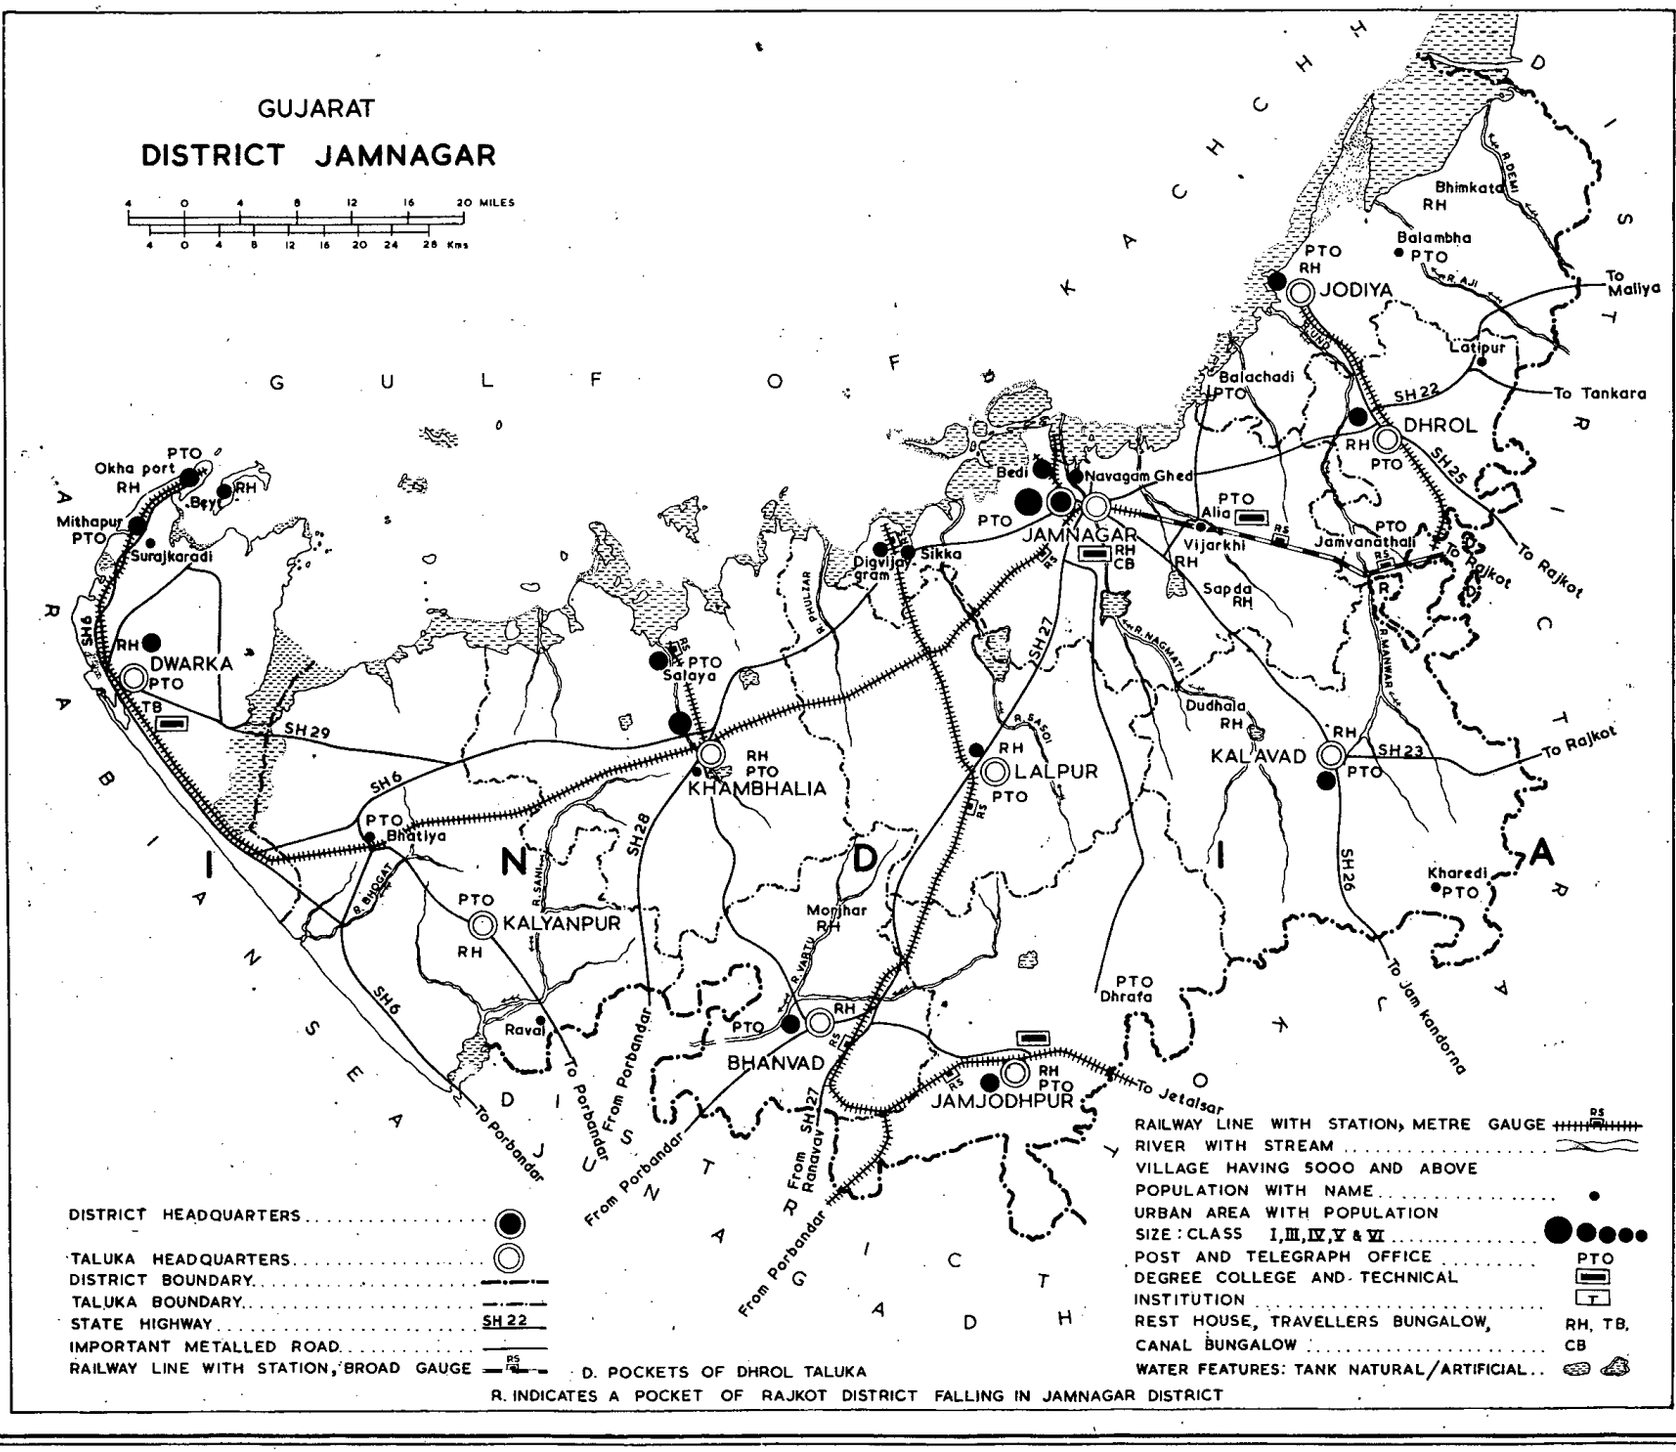

R. S. CHHAYA
of the Indian Administrative Service
Director of Census Operations
Gujarat

Dwarka, a renowned pilgrim centre is famous for its JAGAT MANDIR, the adopted home and capital of Lord krishna after he gave up Mathura. It is the only place included both in the four principal holy places or ' Char dham' and the seven ancient towns or sapta puris in India. It is, therefore, visited by thousands of pilgrims and many scholars on historical study tours from all over India.

Dwarka is derived from dwar, a door, and in ancient times its flourishing port was considered to be the gateway to the mainland. The original Dwarka believed to be of gold has been described in the Mahabharata and Puranas like Bhagavat, Vishnupurana, Skand Purana, Harivansh etc. Shri Krishna settled Dwarka on an area twelve yojans round, about 5,127 years age according to some Indian Scholars, and ruled there for a hundred years.

The main temple at Dwarka, situated on the Gomati Creek, is known as Jagat Mandir or universal shrine or Trilok Sundar, the most beautiful in all the three-worlds. The presiding deity of Dwarka, Shri Krishna is also known as Dwarkanath and Dwarkadhish the temple is an imposing edifice originally built by Vajranabh. This great temple having a plinth area of 1800 sq. ft. consists of a shrine, an audience hall the roof of which is supported by 60 pillars of granite and sand-stone and a conical spire about 170 feet high and visible from the sea at a distance of 20 miles. The temple has seven floors. There is elaborate carving on the outside and on the spire while the inside is plain.

FOREWORD

The district census handbook (DCH), compiled by the Census Organisaion on behalf of the State Govrnments, is one of the most valuable products of the Census. The DCH is constantly referred to by planners, administrators, academicians and researchers. It is *inter alia* used for delimitation of constituencies, formulation of local level and regional plans and as an aid to District administration. The district census handbook is the only publication which provides Primary Census Abstract (PCA) data upto village level for the rural areas and ward-wise for each city or town. It also provides data on infrastructure and amenities in villages and towns, etc.

The district census handbook series was initiated during the 1951 Census. It contained important census tables and PCA for each village and town of the district. During 1961 Census the scope of the DCH was enlarged and it contained a descriptive account of the district, administrative statistics, census tables and a village and town directory, including PCA. The 1971 DCH series was planned in three parts. Part-A related to village and town directory. Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. However, in some states it was confined to district census tables and in a few cases altogether given up due to delay in compilation and printing.

While designing the format of 1981 DCH series some new features along with the restructuring of the format of village and town directory have been attempted. At the same time, comparability with the 1971 data has also been kept in view. All the amenities except power supply in the village have been brought together in the village directory with the instruction that in case an amenity is not available in the referrent village the distance in broad ranges from the nearest place where the amenity is available may be given. The restructuring of the format of the village directory and incorporating more exhaustive data on infrastructure aspect particularly in relation to amenities and land-use pattern is expected to further meet the need of micro level planning for rural areas. It is expected to help not only in local area planning but regulating the provision of goods and services as well so as to minimise the regional imbalances in the process of development. A few new items of information have also been introduced to meet some of the requirements of the Revised Minimum Needs Programme. Such new items of information as adult literacy centres, primary health subcentres, and community health workers in the village have been introduced in the village directory with this objective in mind. The new item on approach to the village is to have an idea about the villages in the district which are inaccessible. A new column, "total population and number of households" has been introduced to examine the correlation of the amenities with the population and number of households they serve. Addition of two more appendices listing the villages where no amenities are available and according to the proportion of Scheduled Castes and Scheduled Tribes population to the total population has also been made with this view in mind.

The formats of the town directory have also been modified to meet the requirements of the Minimum Needs Programme by providing information on a few new items. A new statement on civic and other amenities in slums in Class I and Class-II towns (Statement IV-A) has been introduced with this objective in mind. It is expected that this will help the planners to chalk out programmes on provision of civic amenities for the improvement of slums. The columns on Scheduled Castes and Scheduled Tribes population in Statement IV relating to civic and other amenities and adult literacy classes/ centres under educational facilities in Statement V are also added *inter alia* with this view. A significant addition is class of town in all the seven statements of the town directory. The infrastructure of amenities in urban areas of the country can be best analysed by taking the class of towns into consideration. The addition of the columns on civic administration status and population in a few statements also serves this purpose.

The format of the primary census abstract for the villages and towns has been formulated in the light of changes in the economic and other questions canvassed through the individual slip of 1981 Census.

In order to avoid delay in publication of 1981 DCH series it has been so designed that Part-A of the volume contains village and town directory and Part-B, the PCA of villages and towns including the Scheduled Castes and Scheduled Tribes PCA upto Tahsil/Town levels. At the beginning of the DCH a detailed analytical note supported by a number of inset tables based on PCA and non census data in relation to the infrastructure has been introduced to enhance its value. The district and tahsil/Police Station/C D Block etc., level maps depicting the boundaries and other important features have been inserted at appropriate places, to further enhance the value of the publication.

This publication is a joint venture of the State Government and the Census Organisation. The data have been collected and compiled in the State under the direction of *Shri R.S. Chhaya*, the Director of Census Operations, *Gujarat* on behalf of the State Government which has borne the cost of printing. The task of planning, designing and coordination of this publication was carried out by Shri N.G. Nag, Deputy Registrar General (Social Studies) of my office. Dr. B. K. Roy, Deputy Registrar General (Map) provided the technical guidance in the preparation of the maps. Data received from Census Directorates have been scrutinised in the Social Studies Division at the head-quarters under the guidance of Shri M. M. Dua, Senior Research Officer. I am thankful to all who have contributed in this project.

NEW DELHI
the 26th April, 1982

P. PADMANABHA
Registrar General, India

PREFACE

The District Census Handbooks are printed during every decadal Census from 1951. These District Census Handbooks are prepared by the Census Organisation and DCHB unit of the State Government. These are published by the State Government at their own cost. The District Census Handbooks are the first publications in the series of 1981 Census publications. The Census Organisation has been collecting an enormous data both during the Census Enumeration period as well as after the Census Enumeration period. This data is very valuable to the Administrators, Economists, Planners, Research Workers, Scholars and other intelligentsia and also to the several institutions dealing with social-economic and developmental aspects of the State. It is absolutely necessary that this data latter its collection is printed in the time and reaches the data users also in time. It is a matter of great satisfaction that the present volume is being published in the minimum possible time after the Census count.

The Census count in Gujarat State was taken during the period February-March 1981. The provisional figures collected through the District Census Officers were published and presented to the Chief Minister of Gujarat State on 23rd March, 1981. After the declaration of the provisional count six Regional Tabulation Offices were opened at different places in the State. Three such Regional Tabulation Offices were opened at Ahmadabad, one at Vadodara, one at Surat and one at Rajkot. The Census records were edited and checked in these offices and the primary census abstracts for all the areas of the State were prepared. For this purpose 1,102 Tabulators 184 Checkers and 61 Supervisors were temporarily engaged for a period of ten months. These offices were supervised by Deputy Directors of Census Operations who were taken on deputation from the State Government.

The District Census Handbook for the 1981 Census is published in two parts as follows :

I. **Part A**

(1) Village Directory

(2) Town Directory

II. **Part B—District / Talukawise Primary Census Abstract**

Both the Parts A and B of the District Census Handbook for 1981 Census have been combined and printed in one volume.

The Village Directory contains comprehensive information about the basic amenities available at the village level such as medical, educational, drinking water, etc. The Town Directory also consists of information about the status, growth history, municipal finances, civic and other amenities, etc.

The Primary Census Abstract contains information about the number of occupied residential houses and households,total population including houseless and institutional population, literacy, Scheduled Caste/Scheduled Tribe population and the information pertaining to workers and non-workers. A special feature of the 1981 District Census Handbooks is the inclusion of Scheduled Castes/Scheduled Tribes Primary Census Abstracts which gives complete District/Taluka/Townwise data on Scheduled Castes/Scheduled Tribes.

The data for the Village Directory has been collected through the Taluka Development Officers who in turn obtained the data from the village officials through their Statistical Assistants. In the District Census Handbook Cell this data subjected to a very close scrunity and inaccuracies or deficiencies where noted were again get checked through the Statistical Assistants. For this purpose persons were deputed to the districts for obtaining the informations quickly. The area figures as reported by the village officials were also checked with the figures reported by the District Inspectors of Land Records. Utmost care has been taken to see that the spellings of the villages are correct. Some of the data collected from the village level has also been cross-checked with the data which was suppied by the different Directorates and the Heads of the Departments of the State Government. The information pertaining to the District Write-up (Item V of the Analytical Note) has been obtained through the Collector and the District Development Officers and the other district heads.

(Bk) H-30—(ii)

The data on Town Directory has been obtained through the various local bodies such as Municipa Corporations, Municipalities, Nagar Panchayats and Gram Panchayats. These were also checked in the Directorate by a special Cell.

The Primary Census Abstract and Town Directory with their Inset Tables have been prepared in the Directorate whereas Village Directory alongwith its Inset Tables have been prepared in District Census Hand book Cell.

Maps :

In each volume one district map showing the taluka boundaries, location of towns and villages having a population of 5,000, communications, etc., has been printed. Taluka maps for each of the talukas in the district are also inserted in the District Census Handbook. These taluka maps indicate the boundaries of the villages and towns within the taluka and the location codenumbers of each village. The maps were prepared in the Map Section of the Director of Census Operations.

Acknowledgement :

The compilation of a huge mass of data which is printed in this book requires the active help and co-operation of the State Government in addition to the help and co-operation of all the officers and staff members of the Census Directorate. I am deeply indebted to Shri H. K. L. Kapoor, Chief Secretary to the Government of Gujarat for extending all help in the matter. Shri K. Rammoorthy who was working as Secretary, General Administration Department, during the Cenus Enumeration period extended his whole-hearted co-operation. Shri V. Krishnamurthy who subsequently took over as Secretary, General Administration Department, also took active interest in the progress of Census work. I would like to make a special mention about the extra facilities granted by the State Government by way of creation of a Special Cell for the compilation of District Census Handbooks. One post of Deputy Director and several posts of Research Assistants, Statistical Assistants Clerks and Typists have been sanctioned by the State Government specially for the compilation of the data. The services of all these persons were placed at the disposal of the Directorate for compilation work.

Shri G. S. Shah, Director, Bureau of Economics and Statistics, Government of Gujarat, also rendered very valuable help by providing whatever data was required for cross-checks and by providing personnel for the Special Cell of District Census Handbook.

The Collectors and the District Development ffi cers incharge of the districts and the Municipal Commissioner, incharge of the Municipal Corporation areas, have extended their whole-hearted co-operation for the Census work. The Resident Deputy Collectors the Deputy Collectors incharge of sub-Divisionals, the District Statistical Officers, the Deputy District Development Officers, the Mamlatdars, the Taluka Development Officers, the Chief Officers of the Municipalities, the Deputy Mamlatdars and the Statistical Assistants at the District/Taluka levels, all played an important role in the Census work. I express my deep gratitude to all of them. After the Census count a large number of young boys and girls coming right from the schools and colleges were employed as Tabulators, Checkers and Supervisors and all of them worked very hard for the compilation of the useful data.

Shri P. T. Thakkar, Director of Printing and Stationery, Government of Gujarat, has taken the interest in the printing of the handbooks. I hereby acknowledge the valuable help, guidance and assistance rendered by him and other officers of the Printing Department. Shri P. K. Choksi, Printing Inspector in this Directorate, looked after the printing jobs very well.

In the Census Directorate Shri J. K. Patel, Deputy Director of Census Operations (Tech.) was looking after the Cempilation Section so far as Census data was concerned. The Collection and compilation of data for the Village Directory was looked after by Mrs. Neelaben Bhatt Deputy Director whose services were placed at the disposal of the Directorate. Both these Officers have put in hard labour for the compilation and printing of the data.

Shri K. H. Desai, Shri V. A. Sathe, Shri K. R Shridharani and Shri S. D. Vadera, who were officers on deputation from the Gujarat Administrative Service, supervised the editing, checking and compilation work at the Regional Offices in Ahmadabad, Surat, Vadodara and Rajkot respectively Shri P. J. Jhala and Shri M. A. Malwade, who were officers on deputation from the State Government from the Bureau of Economics and Statistics, supervised the editing, checking and compilation work at Regional Tabulation Offices in Ahmadabad. Shri V. H. Vasavda, Deputy Director from the General Administrative service looked after the administration work. All these officers worked diligently and accurately during their service in the Census Organisation.

In the Directorate Shri J. K. Patel, Dy. Director was assisted by Shri R. V. Sanghani, and Smt D. D Jhala investigators and Statistical Assistant Shri K. P. Patel, Shri R. R. Upadhyay Kum. J. R. Megha. Smt. M. B. Patel and Smt. K. S. Mehta. The typing of Primary Census Abstracts was undertaken in a special section which was headed by nvestigator Shri M. H. Patel. In the State Cell o District Census Handbook Smt. Neelaben A. Bhatt Dy. Director was assisted by the Assistant Director Shri V. R. Gandhi and Research Assistants Kum. T. K. Shah and Smt. S. B. Solanki Statistical Assistants Smt. H. A. Patel, Smt. C. C. Mehta, Shri S. V. Patel and shri P. K. Shastri.

In the Map Section the work of preparation of State/District/Taluka maps was looked after by Shri K. M. Dhawale, Senior Geographer and Shri B. L. Arya, Geographer. They were ably assisted by Shri K. K. Patel, Artist, Sarvashri M. S. Bhatt, B. J. Modi, Draftsmen and Sarva Shri D. A. Maroo, R. K. Joshi, G. M. Kosti, B. C. Trivedi and M. A Shukla, Draftsmen.

The work of dictations and typing of notes, reports, tables, etc., was undertaken by Shri J. A. Harry, Confidential Assistant in the Directorate, diligently with speed and accuracy. He was assisted by a number of Typists in the office.

Limitations of space prevent me from making individual mention of all those who have contributed to the making of this volume so accurate and complete. Quite a large number of Assistant Compilers, Computors, Clerks, Typists, Proof Readers, Draftsmen, Artists, etc., have contributed valuable help in this work.

Finally, I would like to express my deep gratitude to Shri P. Padmanabha, IAS, Registrar General, Government of India, an Sarvashri K. K. Chakravorty, V. P. Pandey, N. G. Nag and Dr. B. K. Roy Deputy Registrars General, for the guidance given to me from time to time.

AHMADABAD,
18th August 1982.

R. S. CHHAYA
Director of Census Operations,
Gujarat,

ANALYTICAL NOTES AND TABLES

I. Census Concepts of Rural and Urban Areas and other terms, *viz.*, Census House, Household, Scheduled Castes/Scheduled Tribes, Literates, Main Workers, Marginal Workers, Non-Workers, etc.

The 1981 Census was carried out in Gujarat in two stages. The first stage of houselisting was completed in the months of June-July 1980. The houselists thus prepared provided a frame for the Enumeration Work. In the second stage the house to house Census enumeration was carried out from 9th February, 1981 to 28th February, 1981 with reference date as Sunrise of 1st March, 1981. The enumeration of houseless population was carried out on the night of 28th February, 1981. A revisional round was also taken from 1st March, 1981 to 5th March, 1981. In this revisional round the Enumerators recorded new births that had taken place after their last visit for enumeration but before the Sunrise of 1st March, 1981 and also any visitor(s) that had moved into household and who had been away from his/her/their place of normal residence throughout the enumeration period, or an entire household that had moved into the jurisdiction of the enumeration during this period and which had not been enumerated before. The names of persons who had died after the enumeration period but before the Sunrise of 1st March, 1981 were deleted from the Individual Slips which had been filled up during enumeration period.

In Gujarat prior to the taking of 1981 Census a special programme of updating permanent house-numbering scheme in the different parts of the State was also carried out in co-ordination with the Local Bodies and State Government. The permanent house-numbering scheme in Gujarat was introduced during the 1971 Census and the District/Taluka Panchayats, Municipal Corporations, Municipalities, Nagar Panchayats and Village Panchayats played a very useful role in fixing the number plates on the houses and buildings.

After the Census count was over the Enumerators submitted the figures to the Charge Officers through their Supervisors. These figures were obtained by the Director of Census Operations through the District Census Officers and the figures after compilation were declared on 23rd March, 1981 as Provisional Census Figures for 1981 Census. Paper 1 showing those figures were printed and published and distributed on a complimentary basis.

During the Census Operations mainly two Census records were filled up by the Enumerators in each block. These were (1) Household Schedules and (2) Individual Slips. The different concepts which were adopted during the houselisting stage as well as during the Census enumeration are as follows :

(i) RURAL AND URBAN AREAS

Rural Areas : The basic unit for rural areas is a revenue village which has a definite boundary. The revenue village may comprise several hamlets but the entire village has been treated as one unit for presentation of the data.

Urban Areas : Urban areas have been specifically defined for the 1981 Census. The criteria adopted during the 1981 Census was almost the same as adopted in 1961 and 1971 Censuses. The following criteria were adopted for calssifying urban areas in the States :

(a) All places with a municipality, municipal corporation or cantonment board or notified town area.

(b) All other places which specified the following criteria :

1. A minimum population of 5,000;
2. At least 75 per cent of the male working population engaged in non-agricultural persuits; and
3. A density of population of at least 400 per sq. km. (1,000 per sq. mile).

The slight variation of the criteria adopted in 1981 and that adopted in 1961-1971 Censuses was that during 1981 Census the persons working in activities such as fishing, logging, etc., were treated as par with cultivators and agricultural labourers whereas in 1961-1971 Censuses these were treated as engaged in non-agricultural activity.

(ii) CENSUS HOUSE

A 'Census House' is a building, or part of a building having separate main entrance from the road or common courtyard or staircase, etc; used or recognised as a separate unit. It may be occupied or vacant. It may be used for a residential or non-residential purpose or both. In case of a building having a number of flats or blocks which are independent of one another having separate entrances of their own from the road or a common staircase or a common courtyard leading to a main gate, were considered as separate census houses.

(iii) CENSUS HOUSEHOLD

A household is a group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevented any of them from doing so. There may be a household of persons related by blood or a household of unrelated persons or having a mix of both. Examples of unrelated household are boarding houses, messes, hostels, residential hotels, rescue homes, jails, etc. These are called 'Institutional Households.'

(iv) SCHEDULD CASTES/SCHEDULED TRIBES

The Scheduled Castes and Scheduled Tribes as notified under the Constitution for Gujarat State

have been treated as Scheduled Castes and Scheduled Tribes for the purpose of Enumeration. A list of such Scheduled Castes/Scheduled Tribes notified for Gujarat is as under :

GUJARAT

[*The Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1976 (No. 108 of 1976, dated the 18th Septemer, 1976)*]

SCHEDULED CASTES

1 Ager
2 Bakad, Bant
3 Bawa-Dedh, Dedh-Sadhu
4 Bhambi, Bhambhi, Asadaru, Asodi, Chamadia, Chamar,Chambhar,Chamgar,Haralayya,Harali, Khalpa, Machigar, Mochigar, Madar, Madig, Mochi, Nalia, Telegu Mochi, Kamati Mochi, Ranigar, Rohidas, Rohit, Samgar

SCHEDULED TRIBES

1 Barda
2 Bavacha, Bamcha
3 Bharwad (in the Nesses of the forest of Alech, Barada and Gir)
4 Bhil, Bhil Garasia, Dholi-Bhil, Dungri Bhil, Dungri Garasia, Mewasi Bhil, Rawal Bhil, Tadvi Bhil, Bhagalia, Bhilala, Pawra, Vasava, Vasave
5 Charan (in the Nesses of the forests of Alech, Barada and Gir)
6 Chaudhri (in Surat and Valsad districts)
7 Chodhara
8 Dhanka, Tadvi, Tetaria, Valvi
9 Dhodia
10 Dubla, Talavia, Halpati
11 Gamit, Gamta, Gavit, Mavchi, Padvi
12 Gond, Rajgond
13 Kathodi, Katkari, Dhor, Kathodi, Dhor Katkari, Son Kathodi, Son Katkari
14 Kokna, Kokni, Kukna
15 Koli (in Kutch district)
16 Koli Dhor, Tokre Koli, Kolcha, Kolgha
17 Kunbi (in the Dangs district)
18 Naikda, Nayaka, Cholivala Nayaka, Kapadia Nayaka, Mota Nayaka, Nana Nayaka
19 Padhar
20 Paradhi (in Kutch district)
21 Pardhi, Advichincher, Phanse Pardhi (excluding Amreli, Bhavnagar, Jamnagar, Junagadh, Kutch Rajkot and Surendranagar district)
22 Patelia
23 Pomla
24 Rabari (in the Nesses of the forests of Alech, .. Barada and Gir)
25 Rathawa
26 Siddi (in Amreli, Bhavnagar, Jamnagar, Junagadh, Rajkot and Surendranagar districts)
27 Vaghri (in Kutch district)
28 Varli
29 Vitola, Kotwalia, Barodia

(v) LITERATES

A person who can both read and write with understanding in any language is taken as ' literate '. A person who can merely read but cannot write is not literate. It is not necessary that a person who is literate should have received any formal education or should have passed any minimum educational standard.

(vi) MAIN WORKERS, MARGINAL WORKERS, NON-WORKERS

During the 1981 Census 'Work' had been defined as participation in any economically productive activity. Such participation may be physical or mental in nature. The work involves not only actual work but also effective supervision and direction of work.

The reference period for 'Work' is one year preceding the date of enumeration. The main-worker was a person who had worked for the major part of the year in that activity. By major part of the year it was intended to find out as to whether a person had worked for 183 days or more or in other words worked for six months or more. Those who had worked for less than six months or 183 days were treated as marginal workers. A non-worker was one who had no economical activity during the year.

The information on ' Workers and Non-workers' were obtained through Question Nos. 14(a) to 16 of the Individual Slip. The main activity of workers has been classified into four categories, *viz.*, cultivator, agricultural labourer, household industry and other worker. These terms are explained below :

Cultivator

For purposes of the census a person is working as cultivator if he or she is engaged either as employer, single worker or family worker in cultivation of land owned or held from Government or

held from private persons or institutions for payment in money, kind or share. Cultivation includes supervision or direction of cultivation.

A person who has given out his/her land to another person or persons for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation of land, will not be treated as cultivator. Similarly, a person working in another person's land for wages in cash or kind or a combination of both (agricultural labourer) will not be treated as cultivator.

Cultivation involves ploughing, sowing and harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajra, ragi, etc., and other crops such as sugarcane, ground-nuts, tapioca, etc., and pulses, raw jute and kindred fibre crop, cotton, etc., and does not include fruit growing, vegetable growing or keeping orchards or groves or working of plantations like tea, coffee, rubber, cinchona and other medicinal plantations.

Agricultural Labourer

A person who works in another person's land for wages in money, kind or share is regarded as an agricultural labourer. He or she has no risk in the cultivation but he/she merely works in another person's land for wages. An agricultural labourer has no right of lease or contract on land on which he/she works.

Household Industry

Household Industry is defined as an industry conducted by the head of the household himself/herself and or by the members of the household at home or within the village in rural areas and only within the precincts of the house where the household lives in urban areas. The larger proportion of workers in a household industry should consist of member of the household including the head, the industry should not be run on the scale of a registered factory which would qualify or has to be registered under the Indian Factory Act.

There may be an industry which is being run by a large joint family of more than 10 persons and where power is used or more than 20 persons where power is not used. In such cases, though only family members are involved, this is not to be treated as ' HHI '. Thus, the meaning of the term ' run on the scale of a registered factory ' refers to such cases even if these are not registered as such.

The main criterion of a Household Industry is the participation of one or more members of a household. This criterion applies in urban areas too. Even if the industry is not actually located at home in rural areas there is greater possibility of the members of the household participating even if it is located anywhere within the village limits. In the urban areas where organised industry takes greater prominence, the Household Industry should be confined to the precincts of the house where the participants live. In urban areas even if the members of the household by themselves run an industry but at a place away from the precincts of their home, it is not to be considered a Household Industry. It should be located within the precincts of the house where the members live in the case of urban areas.

A Household Industry should relate to production, processing, servicing, repairing or making and selling (but not merely selling) of goods. It does not include professions such as a pleader or Doctor or Barber, Musician, Dance , Wat rman, Dhobi, Astrologer, etc., or merely trade or business, even if such professions, trade or services are run at home by members of the household.

Other Workers

All workers, *i. e.*, those who have been engaged in some economic activity during the last one year, who are not cultivators or agricultural labourers or in Household Industry, are 'Other Workers'. The type of workers that come under this category include factory workers, plantation workers, those in trade, commerce, business, transport, mining, construction, political or social work, all Government servants, municipal employees, teachers, priests, entertainment artists, etc. In effect, all those who work in any field of economic act vi y other than cultivat r, agricultural labourer or household industry, are 'Other Workers'.

II. Brief H story of District and District Census Handbook

A. History of the District

The district of Jamnagar as a rich anci nt hist ory. The temple of Lord Krishna known as 'Dwarikadhish Temple ' is situated at Dwarka in the istrict. According to the Hindu mythology, he earliest conqueror of Okhamandal was Shri Krishna also called Ranchodji who is supposed to be the eighth incarnation of Lord Visnu. Krishna was succeeded by his great grandson Vajranabh, who enjoys the reputation of having built the present temple of Dwarkanath also called Trilok Sundar.

At the time of Mahmud Gazni's invasion of Gujarat in 1024 A. D. the coastal belt was ruled by the jethwas near Khambhalia and Okhamandal. In about 1480 A. D. Sultan Mahmud Begdo had conquered this region. After conquest by Humayun of Gujarat, the Jams of Nawangar established the kingdom which came to be known as 'Halar'. The Jams claim their descendant from Yadav and belong to the Jadeja Rajput race which orginated from the Sammas who ruled at Nagar-Thatha in Sind and migrated to Kachchh. Jam Raval was the founder of Jamnagar and he was a descendant of Jam Hala and hence the area had been called as 'Halar'. The name of Jam Ranji (1872-1933) has been imbibed in Indian cricket followed by world famous cricketers like Prince Dulipsinhji, Vinoo Mankad and Amarsinh: Jam Shree Digvijaysinhji was the first Raj Pramukh of the former Saurashtra State formed after Independence. Jam Shree Digvijaysinhji took a very active part in the integration of

princely States of Saurashtra and helped Sardar Vallabhbhai Patel in his difficult task of integration of Political States. The first Chief Minister of Saurashtra and once Congress President Shri U. N. Dhebar also hailed from Khambhalia town of this district.

The district of Jamnagar was first formed after Independence in the year 1949 out of the territories of the former States of Nawanagar, Dhrol, Dhrafa, Thana and parts of Jalia Dewani at the time of their merger with the Indian Union. The north-west part of the Jamnager District known as Okhamandal Taluka was formerly a part of Amreli District but was subsequently included in this district in 1959. The district became a part of bigger bilingual State of Bombay on 1st November, 1956 and thereafter became part of Gujarat State on 1st May, 1960 on the formation of Gujarat State.

B. History of District Census Handbook

Prior to the 1951 Census the Census figures were brought out villagewise under a booklet known as 'Village Handbook' which contained only the population totals of villages. These books were prepared by the Census Organisation on behalf of the State Government and published by the latter. It was for the first time in 1951 Census that a more detailed and well organised book known as 'District Census Handbook' was brought out by the Census Organisation. The 1951 Census Handbook contained the villagewise Primary Census Abstracts which also included the information on post offices, railway stations and the nearest bazars of each village. The handbook also contained several district tables.

During the 1961 Census the District Census Handbooks were brought out which contained the Primary Census Abstracts as well as certain district tables.

During 1971 Census also the District Census Handbooks were published which in addition to the Primary Census Abstracts contained a Village Directory showing the different village amenities and land-use of all the villages in the district. A separate portion known as ' Town Directory ' was also included in the District Census Handbook. The Handbook was divided into three subparts known as Part-A which contained the Village Directory and Town Directory, Part-B which contained the Primary Census Abstracts and Part-C which contained the Introductory Essay, Official Statistics, etc.

For the 1981 Census the District Census Handbook is being brought out in two Parts, Part XIII-A, and Part XIII-B. Part XIII-A will contain the Village and Town Directory whereas Part XIII-B will contain the Primary Census Abstracts both General and Scheduled Castes/Seheduled Tribes. The Part-C as it was brought out during the 1971 Census has been dropped.

III. Scope of Village Directory, Town Directory and Primary Census Abstract

The District Census Handbook which are now being printed during every Census after the 1951 Census, are very important publications of the Census Organisation. With the emphasis by the Planning Commission on the 'Minimum Needs Programme ' of the rural areas the District Census Handbook has become an important tool in the hands of the Administrators, Planners, Policy Makers and Academicians. For the 1981 Census the District Census Handbook has been divided into two parts which are combined in one volume. The details of the contents of each of these two parts are as follows :

PART—A VILLAGE AND TOWN DIRECTORY

Village Directory

This Part A contains the non census statistics of each village and town in the district. The Village Directory gives villagewise particulars of amenities available for each village in the spheres of education, medical, power supply, drinking water, post and telegraph, communications, land-use, weekly markets and places of religious, historical and archaeological interests in the village. During the 1981 Census additional information regarding (1) copies of the newspapers coming in the village, (2) number of motor-cycles and scooters available in the village, (3) number of cars and jeeps available in the village and (4) number of tractors available in the village have been added. The above non-census data of the Village Directory was collected from the Taluka Development Officers of each Taluka Panchayat in the State. In Gujarat under the democratic decentralisation scheme the Panchayats are now exercising very wide powers and the post of Statistical Assistants are under the administrative and technical control of the Taluka Panchayats. Besides, the Talati-*cum*-Mantris at the village level who are the base village functioneries are also under the control of the Taluka Pan hayats. The proformae for soliciting the information were despatched to the Talati-*cum*-Mantris through the Taluka Development Officers and these after they were filled up were checked by the Taluka Development Officers and also by the District Statistical Officers who work under the administrative and technical control of the District Panchayats. The data thus received was checked fully in the District Census Handbook Unit of the State Government. At the end of Village Directory a taluka abstract in Appendix-I of educacational, medical and other amenities is also prepared and printed. Appendix-II which shows the land utilisation data in respect of non-municipal towns is printed. In Appendix-III the talukawise list of villages where no amenities relating to educational, medical, drinking water, post and telegraph communications, power supply and market/hats, are available have been shown. Appendix-IV shows talukawise list of villages according to the proportion of Scheduled Castes/Scheduled Tribes population by ranges. The last two appendices have been included for the first time in the 1981 Census.

Town Directory

The Town Directory portion furnishing the data for each town in the district is exhibited in seven statements covering (1) the status and growth of the civic administration, (2) physical aspect and location

of towns, (3) the civic finances of the towns, (4) the civic and other amenities in the towns, (5) the medical, educational, recreational and cultural facilities in the towns, (6) trade, commerce, industries and banking in the towns and lastly(7) the civic and other amenities in notified slums whereever they exist.

The non-census data for each of the town for the Town Directory were obtained from the municipal authority in case of municipal towns and for other towns the data were obtained from the concerned Nagar and Gram Panchayats. An Appendix showing the towns with their outgrowths with population is also prepared and attached at the end of the Town Directory.

PART—B PRIMARY CENSUS ABSTRACT

Part B gives for each village and for each ward of the town the primary census data incorporating area of the town in sq. kms. and of the vilages in hectares, the number of occupied residental houses, the number of households, total population and its break-up by sex, Scheduled Castes and Scheduled Tribes population, literate population and working population by four broad categories, viz., (1) cultivators,(2) agricultural labourers, (3) those work ing in households industries and (4) other workers. There is a slight departure in the presentation from the 1971 categories which were in all nine categories.

The Scheduled Castes/Scheduled Tribes Primary Census Abstract at the District/Taluka/Town level are also printed in Part B of the Handbook.

IV. Physical aspects highlights on the changes in the jurisdiction of the District during the decade including its Boundaries and any important event on Geographic or Geophysical aspect

There have been no major jurisdicational changes in the district boundaries during the last decade. The administrative jurisdiction of all the talukas of the district as shown in 1971 Census is the same during 1981 Census except a few changes in villages / towns which are as under :

Sikka which had a town status in 1971 Census had been bifurcated in two towns, viz., Sikka and Digvijaygram during 1981 Census. The bifurcation of this town was notified by the State Government under G. R. of Revenue Department No. PIR-1368-171620, dated 13th December, 1969. In respect of Navagam Ghed which was a rural village during 1971 Census has been classified as a town for the purpose of enumeration in 1981 Census.

In addition to the above urban/rural changes 11 villages (one village each in Lalpur and Jamjodhpur Taluka, 2 villages in Jodiya Taluka, 3 villages in Khambhalia Taluka and 4 villages in Bhanvad Taluka) have been deleted from the village list of 1981 Census as these villages have been reported to be hamlets of nearby villages by the concerned revenue authorities. These villages are as under :

Sl. No.	Name of Taluka	L. C. No.	Name of the village during 1971 Census	L.C. No.	Name of the village in which included as hamlet during the 1981 Census
1	2	3	4	5	6
1.	Lalpur	25	Rampar	25	Veroval Moti
2.	Jamjodhpur	58	Bhada Nes	58	Vadvara
3.	Bhanvad	4	Jogara	6	Kabarka
		9	Jetpur		
		14	Haripar	11	Ginda
		24	Manpar	20	Dharagar
		13	Ugamna Bara	12	Vachala Bara
		14	Dakhanda Bara		
		15	Athamna Bara		
4.	Jodiya ..	20	Ranjitpar	25	Balambha
		50	Vagha	46	Hadiyana

V. Major characteristics of the District particularly in relation to the Economic Resources, namely,Forestry, Minerals and Mining, Power Supply, Land and Land-use Pattern, Tenancy, Agriculture, Animal Husbandry, Fishery, Industry, Trade and Commerce, Transport, etc.,

(a) *Land Utilisation*

The total reporting area in the district in 1970-71 was 1,014, 501 hectares and this has almost remained the same in subsepuent years. Out of this total area the cultivated area in 1970-71 worked out 631,721 hectares. The forest area comprises of 75,426 hectares during 1970-71 whereas permanent pastures and other grazing lands are 73,674 hectares. An area of about 45,398 hectares is sown more then once.

(*b*) *Area under Major Crops*

A scrutiny of the figures of areas under different crops reveals that amongst the major crops the area under wheat crop during 1970-71 was 30,704 hectares which got reduced to 5,497 hectares in 1973-74 perhaps because of the bad year whereas the same was 21,993 hectares during the year 1976-77. In respect of Jowar the major area is under Kharif crop which was 112,863 hectares in 1970-71, 92,505 hectares in 1973-74 and 66,008 hectares in 1976-77. Bajri which is one of the major Kharif crops of the district had an area of 127,735 hectares during 1970-71, 112,365 hectares during 1973-74 and 52,029 hectares during 1976-77. As regards cash crops the area under Cotton was 26,727 hectares in 1970-71, 25,783 hectares in 1973-74 and 28,176 hectares in 1976-77. Thus there is a steady trend in Cotton. In respect of Groundnut the area has been increasing substantially year by year. During 1970-71 the area under Groundnut was 290,722 hectares which got increased to 359,160 hectares in 1973-74 which again increased to 415,165 hectares in 1976-77.

(c) *Yield per Hectare*

The yield per hectare of some of the important crops in the district during the last decade was as follows :

Yield per Hectare (in Kg.)

Sl. No.	Crop	1970-71	1972-73	1974-75	1976-77
1	Rice	1,262	494	3,661	945
2	Wheat	1,751	2,237	1,677	2,014
3	Jowar	789	765	758	799
4	Bajri	603	319	213	302
5	Sugarcane	6,004	3,992	-	6,861
6	Groundnut	995	108	119	593
7	Cotton	1,207	1,043	674	1,049

(d) *Crop Calendar*

The months of sowing and harvesting of different crops are given below :

Crop Calendar

Sl. No.	Crop	Months of sowing	Months to harvesting
1	Paddy	June-July	November-December
2	Wheat	October-November	February-March
3	Jowar	June-July	October-November
4	Bajri	June-July	October-November
5	Groundnut	June-July	October-November
6	Cotton	June-July	October-November

2. Irrigation

The area under irrigation in the district ranges from about 9 per cent to 10 per cent of the total sown area. In 1970-71 the total area under irrigation was 69,292 hectares (10.65 per cent), in 1971-72 the same was 57,257 hectares (9.28 per cent), in 1972-73 it was 55,936 hectares (9.10 per cent), in 1973-74 it was 38,872 hectares (6.29 per cent), in 1974-75 it was 16,325 hectares (4.02 per cent), in 1975-76 it was 52,439 hectares (8.50 per cent) and in 1976-77 it was 57,460 hectares (9.25 per cent).

Sources of Irrigation and Crops Irrigated

There are only two sources of irrigation, *i. e.*, masonry wells and Government canals, the chief among them being the masonry wells which account for a major part of the area under irrigation. During 1976-77 out of the total irrigated area of 57,460 hectares, 11,242 hectares were irrigated through Government canals, whereas 46,218 hectares were irrigated through open surface wells.

The irrigated crops are mainly Wheat, Sugarcane, Cotton and fodder crops. The crops of Jowar, Bajri and Groundnut are mainly rainfed crops totally depending on the monsoon.

Due to lack of perennial rivers the probability of large irrigation projects in this district is almost nil. Hence medium and minor irrigation schemes are the only schemes which can increase the irrigated area of the district. So far medium irrigation schemes on rivers Sasoi, Ghee, Puna, Fulzar, Vartu and Sapda with a irrigation potential of about 12,000 hectares have been comlpleted.

3. Co-operation

Co-operatives have been playing an increasingly important role in the rural economy of this district during the last ten years. A super structure of co-opertative societies with an apex bank at the State level, the district central co-operative Banks at the District level and co-operative societies at the village level is built up with the objective of strengthening the rural economy. The agricultural credit co-operative societies advance short and medium term loans to their members for purchasing seeds, fertilisers, agricultural implements, etc.

At the end of the co-operative year 1971-72 there were 536 co-operative societies having a membership of 81,822 members. The number o co-oper ativesand the membership have increased thereafter year by year and at the end of 1978-79 there were 694 primary co-operative societies with a total membership of 123,481 members. A majority of the total co-operative societies are agricultural credit societies. In the year 1978-79 out of total 694 primary co-operative societies, 309 were primary agricultural credit co-operatives, 50 were non-agricultural credit co-operative societies, 8 were cotton, ginning and pressing co-operatives, 83 were milk co-operatives, 86 were consumer co-operative stores, 47 were weavers co-operatives, 94 were housing co-operatives, 7 were fishermen co-operatives, 52 were labour co-operatives whereas the remaining were the other societies.

During the decade the scheduled banks have also increased their credit activities in the different spheres of agricultural industries, etc.

4. Livestock and Animal Husbandry

(a) *Livestock*

According to the livestock censuses of 1972 and 1977 the livestook population of the district is found to be distributed as under :

Livestock

	Category of Livestock	1972	1977
I	**Total Livestock**	**811,975**	**702,288**
A	*Bullocks and Cows*	345,349	295,621
1	Males over 3 years	151,865	135,740
2	Females over 3 years	97,564	81,647
3	Young stock	95,920	78,234
B	*Buffaloes*	102,991	78,679
1	Males over 3 years	1,097	682
2	Females over 3 years	63,711	50,213
3	Young stock	38,183	27,784
C	*Sheep*	231,653	196,100
D	*Goats*	116,831	121,904
E	*Horses and Ponies*	4,889	2,826
F	*Mules*	35	4
G	*Donkeys*	8,255	5,322
H	*Camels*	1,972	1,812
J	*Pigs*	...	20
II	*Poultry*	23,725	37,224

It will be seen from the above statement that there is a considerable decrease in the livestock population between 1972 and 1977. The number of poultry birds have increased from 23,725 to 37,224

During the year 1978-79 there were 10 veterinary dispensaries and 19 stockmen centres. There are two mobile veterinary dispensaries, one in Dwarka taluka and another in Kalyanpur taluka. There is also a district poultry farm at Jamnagar with 1500 birds which is established for extension of poultry activities in the district.

The milk supply in the district is not yet well organised. Jamjodhpur, Kalavad, Khambhalia and Bhanvad are important Ghee Centres in the district. The total number of Primary Milk Co-operatives in the district is 33 as on 1st July, 1981.

(*b*) *Agricultural Tools and Implements*

The following table shows the agricultural implements in the district as in 1972 and in 1977 as per the Livestock Census taken in these years.

Agricultural implements

Sl. No.	Name of agricultural implements	1972	1977
1	Plough		
	A Wooden	60,033	50,271
	B Iron	6,157	13,165
2	Carts	56,762	160,500
3	Sugarcane Crushers	213	290
4	Oil Engines	39,289	47,478
5	Electric Motors & Pumps	1,971	3,136
6	Tractors	147	177

It will be seen from the above statement that the number of iron ploughs and carts are on the increase between 1972-77, which shows agricultural prosperity of the district. The number of oil engines and electric motors has also incresaed considerabley over the five year period 1972-77.

5. Fisheries

The Gulf of Kachchh provides excellent facilities for the fisheries and other marine products like chanks which are used for making bangles and pearl oysters producing pearls of good value. The Fisheries Departments undertakes pearl fishing also. The fishing centres are all located on the coast line of the Gulf of Kachchh and some of the important fishing centres are Bedi, Sarmat, Sachana, Sikka, Salaya, Jodiya, Okha and Beyt.

6. Industries

There were at the end of 1972, 327 industrial esta blishments in the district registered under the Factory Acts which increased to 372 in 1973 which again increased to 419 in 1974 and 548 in 1978. Thus, the number of factories registered as shown a phenomenal rise within the last six years from 327 in 1972 to 548 in 1978. A large number of these factories are pertaining to miscellaneous food preparations. In 1978-79 after Food Processing Industry the second highest industry has been recorded as that of manufacture of metal products, the total number of which are 139 factories. The other factories are manufacturing cement, basic chemicals, textiles, etc.

During the Houselisting Operations for the 1981 Census an Economic Census was also conducted in the year 1980 alongwith the Houselisting Operations. The Economic Census was conducted through the Bureau of Economics and Statistics at the state level and through the Central Statistical Organisation at the national level. The preliminary provisional results of economic census 1980 have been published by the State Bureau. According to the provisional figures the total enterprises in Jamnagar district in both rural and urban areas are 44,584 out of which 4,292 are agricultural enterprises, whereas 40,292 are non-agricultural enterprises. The total number of persons actually working in these enterprises are 136,342, out of which 9,121 persons are working in agricultural enterprises whereas 127,221 persons are working in non-agricultural enterprises. Further details of the Economic Census are yet to be worked out by the State Bureau.

During the 1981 Census 430,182 persons have been returned as workers in Jamnagar district. Out of these total workers 182,648 persons were agriculturists (42.46 per cent of the total workers), 56,928 persons were agricultural labourers (13.23 per cent of the total workers), 11,073 persons were in household industries (2.58 per cent of total workers) and 179,533 persons under other workers (41.73 per cent of the total workers).

7. Trade and Commerce

The district has quite a good number of industries like cement industry, soda ash industry, woollen textiles, oil mills, solvent extraction plants, brass parts factories, etc. Ports of Bedi, Okha and Sikka are the important ports from where imports and exports are made. A large quantity of fuel oil is imported at Okha. Fertilizers are also imported both at Okha and Bedi. The important items exported are cotton seed cake, groundnut cake, groundnuts, rice bran, rice salt, marble powder, til oil cake, cattle feed, soyabin oil cake, fishes, onions and ceramics pipes. The minor ports of Salaya, Jodiya, Pindara and Beyt have also some minor import/export traffic.

There are 31 joint stock companies in the district as on 31st March, 1979 with authorised capital of 1,172 lakhs and paid up capital of 626 lakhs. In the year 1977 there were 76 commercial banks at 33 places in the district whereas there were 23 co-operative banks at 19 places.

8. Power Supply

The Gujarat Electricity Board is the chief source of electric power in the district. The use of electricity both in the rural and urban areas has increased rapaidly during the last decade. M/s. Tata Chemicals Ltd., Mithapur has its own power house for the Soda Ash Industry at Mithapur.

During 1971 Census 140 villages were shown as electrified. Within a period of ten years the number of villages electrified have arisen to 422 which roughly works out at 61.00 per cent of the total inhabited villages of the district.

9. Transport and Communications

(a) Roads

In the year 1960-61 decade the total road length was 1,391 Kms. which increased to 1,516 Kms. in the year 1971-72 which further increased to 2,011 Kms. at the end of 1978-79. The respective Kms. for 1971-72 and 1978-79 are as follows :

Year	State Highway	District Major Roads	Other Roads	Village Roads	Total
1971-72	590.60	274.39	534.60	116.97	1,516.56
1978-79	646.00	476.00	476.00	448.00	2,046.00

It will be seen from the above that there is considerable improvement in the net work of roads in the district.

(b) Railways

There are 398 Kms. of railways in the district and the number of railway stations are 44. The railway line from Viramgam to Jamnagar which was in the metre gauge has been converted now into broad gauge. All the talukas except Kalavad and Kalayanpur are connected by less railways.

(c) Ports

On the coast line of the Jamnagar district there are nine ports of which Okha, Sikka and Bedi are intermediate ports while others are minor ports. Fuel oil, fertilizers and other important commodities are imported at Okha port whereas commodities like groundnut cake, cotton seed cake, etc., are exported through these ports. The place known as Vadinar is an important place which can be developed into a good port. The State Government is considering to develop this port.

(d) Post and Telegraph

All the towns of the district and 339 villages in the district have post and telegraph facilities.

(e) State Road Transport

The villages are well connected by State Road Transport buses and out of the total of 693 inhabited villages, 623 villages, *i. e.* about 90 per cent of the villages have bus stops. Thus, quite a large number of rural villages are connected by bus transport.

(f) Air Services

The district is served by two aerodromes located at Jamnagar and Mithapur. The aerodrome at Jamnagar is managed by Civil Aviation Department whereas Mithapur is a private air port. Jamnagar is linked by air to Bombay and Bhuj.

10. Prices

The retail prices per Kilogram of some of the important commodities during the month of January 1971 and during the month of January 1981 are as follows :

Retail Prices per Kg. (in Rs.)

Commodity	January 1971	January 1981
1	2	3
Rice Fine ..	2.50	3.50
Rice Medium ..	1.6[illegible]	2.86
Rice Coarse ..	1.25	2.15
Wheat Medium ..	1.13	1.90
Wheat Coarse ..	1.27	1.70
Jowar ..	0.63	1.45
Bajri ..	0.67	1.68
Gram Dal ..	1.30	5.50
Tur Dal ..	2.00	5.50
Groundnut Oil ..	4.78	12.15
Gur ..	1.63	3.00
Sugar ..	1.81	7.50

11. Insurance

The life insurance business in the district has been increasing rapidly over the years 1971-72 to 1980-81 as will be seen from the following figures:

Life Insurance Activity

Year	No. of Policies	Sum Assured (in lacs)
1971-72	.. 4,638	284.54
1972-73	.. 4,994	371.35
1973-74	.. 5,817	456.91
1974-75	.. 3,583	305.98
1975-76 ..	.. 4,416	385.72
1976-77 ..	.. 4,895	430.53
1977-78	.. 4,576	457.59
1978-79	.. 4,481	489.79
1979-80	.. 4,393	546.41
1980-81	.. 4,149	565.14

12. Education

Education plays an important role in the national development programme. Primary eduction is compulsory both for boys and girls in the age group 6-11 years. The State Government has been making all efforts to provide at least one primary school in each village of the State so that this basic necessity can be within the reach of every rural citizen. After the formation of District Panchayats in Gujarat the function of primary education has been transferred to the District Panchayats in the rural areas whereas in urban areas the same is under municipalities.

During the year 1971 there were 635 villages having primary school facilities and 127 villages were without

prima y schools. During 1980 this figure has increased t 651 villages and now only 42 villages are without primary schools. The total number of students in the primary education during the year 1971-72 were 89,90 boys and 52,753 girls which has increased to 115,934 boys and 76,823 girls during the year 1978-79. The total number of pri ary teachers during the year 1971-72 were 3,897 which has increased to 5,363 during the year 1978-79.

13. Medical and Public Health

(a) Medical Institutions in Rural Areas

There are 18 maternity and child welfare centres in 15 villages. There are 5 primary health centres in 5 villages, 94 family planning centres in 94 villages and 88 primary health sub-centres in 88 villages. In 577 villages there are 596 community health workers.

(b) Medical Institutions in Urban Areas

Hospital facilities are available in seven towns, *viz.*, Dhrol, Digvijaygram, Bedi, Jamnagar, Navagam Ghed, Khambhalia, and Mithapur. Three towns *viz.*, Jamnagar, Jodiya and Khambhalia have T.B Centres. Five towns *viz.*, Jamjodhpur, Kalavad,. Salaya, Bhanvad and Lalpur have the facility of Health Centres. Nine towns, *viz.*, Jamjodhpur, Bedi, Jamnagar, Jodiya, Kalavad, Lalpur, Okha Port ,Salaya and Sikka have the facility of Family Planning Centres.

VI. Major social and cultural events, natural and administrative developments and miscellaneous activities of note during the decade

There have been no major administrative changes in the district, during the decade. Besides, there are no jurisdictional changes also as mentioned earlier. During the decade the metre gauge railway line from Viramgam to Jamnagr was converted to broad guage. This will increase the prosperity of the district.

VII. Brief description of places of religion, historical or archaeological importance in villages and places of tourist interest in the towns of the district

Sl. No.	Name of Taluka	L. C. No.	Name of Town/ Village	Details of religion, historical or archaeological interest
1	2	3	4	5
1	Jamnagar	33	Aliabada	Famous for Gangajala Vidyapeeth a group of educational institutions for rural reconstruction and Darbar Gopaldas, Mahavidyalya, the first non Government Arts and Science College in Saurashtra leading to Degree Courses.
1	Jodiya	47	Balachadi	A summer resort on seashore and a fishing centre having a Sainik School.
3	Okhamandal	XII	Beyt	An Island known as "Shankhodhar Beyt" for its shape resembling conch shell. A well known place of pilgrimage where pilgrims to Dwarka invariabily pay a visit.
4	Okhamandal	IX	Dwarka	Famous for the shrine of Lord Shri Krishna called Jagadishmandir or the universal shrine built 1400 years ago. In the precincts of the shrine there is a seat of Shankaracharya called "Sharda Pith" which is running an Arts College and Sanskrit Academy carrying reasearch in Sanskrit and Indology.
5	Bhanvad	38	Ghumli	Once a flourishing town and a capital of Jethwas. The old remains of the town and excellent pieces of architecture and carving resemble those at Modhera in Mahesana District.
6	Okhamandal	×	Mithapur	A modern township grown up owing to Tata Chemicals Ltd., manufacturing salts, soda ash and other chemicals.
7	Okhamandal	15	Nageshwar	The seat of one of the twelve 'Jyotirlingas' in India - referred to as Nagesh in Darakavan.
8	Okhamandal	XI	Okhaport	A flourishing natural port on the Arabian Sea.
9	Jamnagar	II	Sikka Port	It has a cement factory and a pisciculture centre. Now this town is bifurcated in two towns, namely, Sikka and Digvijaygram towns.
10	Jamnagar	2	Rozi	Situated on the Gulf of Kachchh about 12 Kms. to the north of Jamnagar. It has a cool and healthy climate which had made it a favourite summer resort of the ex-rulers of Jamnagar. There is a lighthouse at Rozi about 6 Kms. from Bedi. The well-known temple of Rozi Mata is named after a charan woman. It is said that Jiyoji son of Jam Raval of Jamnagar had killed here a roz (or Nilgay) while hunting. Since the roz had taken shelter at the ness of a charan the woman cursed the prince who died shortly after wards. The woman committed 'Traga' or suicide and has since been worshipped.

Sl. No.	Name of Taluka	L. C. No.	Name of Town/ Village	Details of religion historical or archaeolo-logcal interest
1	2	3	4	5
11	Kalyanpur	1 761900	Pindara	It is 36 Kms. west of Khambhalia and 24 Kms. from Kalyan-pur and connected by bus services with Bhatia railway station. It derives its name from a Kund (Pond) called Pindatarak, *viz.*, one which causes an offering of a rice ball to float in it. It is said that it was a city called Devpuri existing even before Dwarka and that Dur-vasa Agastya and other rishis residal there. Old Pindara is situated about 3 Kms. to the north, but it was abandoned about 300 years ago for the present site. It is said that the Panda-vas on a pilgrimage for - expiation of the devi of killing their own brothern halted here and bathed in the Kund as advised by the Durvasa Rishi and offered 108 iron balls which floated on water. The rishi there upon gave a blessing that rice pindas offered will henceforth float in this Kund. Pind-dara has since been a place of Pilgrimage for performance of the 'Sharadda' ceremoney.
12	Jamnagar	78 732800	Lonthia	A Temple of Kalika Mata
13	Jamnagar	90 733500	Bhalsan Moti	Jain Tample
14	Jamnagar	100 734700	Pirotan (Bet)	Dargah
15	Jamjodhpur	16 777200	Zinavari	An ancient Temple of Surya Mandir
16	Jamjodhpur	55 782300	Sidsar	Budhist Caves
17	Jamjodhpur	59 781300	Chur	A famous Temple of Churi Mata
18	Bhanvad	38 772600	Chumli	Navlakhi Mahel and Temple of 'Ashapuri' Mataji
19	Bhanvad	40 773700	Kansaliyo Nes	Ancient Temple of Son Kansari important from Archaeological point of view
20	Bhanvad	45 772800	Pachha-tar	Temple of Panchayati Sadevent Savlinga
21	Bhanvad	48 773000	Hathla	Temple of Sani Panoti
22	Bhanvad	56 775300	Dhramni Nes	This Nes is important from Archaeological point of view
23	Bhanvad	65 775700	Killeswar Nes	Jamsaheb's Bungalow and Fort Important from Archaeological point of view
24	Kalyanpur	60 767900	Gandhvi	Famous Temple of Harshad Mata
25	Okhamandal	15 709700	Nagesh-war	Temple of Negeshwar Mahadev.
26	Okhamandal	19 709300	Vasai	'Sun Temple' Jain Derasara and Caves of archeological imp-ortance
27	Khambhalia	32 718900	Haripar	Temple of Surajba Mata
28	Jodiya	29 740300	Pithad	Famous Temple of Pithadai Mata
29	Jodiya	39 738300	Badanpar Jodiya	Temple of Kanake-shwar Mahadev
30	Dhrol	40 744600	Dangara	Temple of Swami-narayan
31	Kalvad	6 746600	Vodisang	Place of Ranuja
32	Kalvad	16 747000	Mota Vadala	Famous Jain and Pragteshver Mahadev Temple

VIII. Brief analysis of the village and town directory and Primary Census Abstract data based on inset tables

NOTE ON VILLAGE DIRECTORY

The different types of amenities available at the Village level in each of the talukas of the district have been tabulated in the form of Village Directory.This statement shows the different types of amenities and land use in each village. At the end of the Village Directory a taluka wise abstract of all the amenities has been prepared and printed as Appendix I. It can be seen from the Appendix I that out of 693 vaillage 651 villages have primary education facilities. There are this only 42 villages without primary schools excluding the deserted villages. The number of villages where the primary schools are not available are 3 in Jamnagar Taluka, 3 in Jamjodhpur taluka, 26 in Bhanvad Taluka, 2 in Kalyanpur Taluka,3 in Okhamandal Taluka, 4 in Khambhalia Taluka and 1 in Kalavad Taluka. The talukas of Lalpur, Jodiya and Dhrol are fully covered with primary education facilites.

58 Villages in the district have dispensaries whereas 15 villages have maternity and child welfare centres, 5 villages have primary helalth centres, 97 villages have family planning centres, 92 villages have primary health sub-centres. There are in all 577 villages which have community health workers.

As regards drinking water ordinary surface wells are the main source of the drinking water facility. Almost all villages have such types of well. There are 88 villages where water is available through tap and in 2 villages water is available through tubewell

whereas 9 villages get supply through canals. In addition there are 148 tanks and 287 villages are also on the river side. There is one village where drinking water facility is not available. However, this will not mean that abundance water supply is available throughout the year at all these sources.

As regards post and telegraph facilities, 326 villages have post offices out of that 283 villages have only post offices whereas 43 villages have both post office and phone facilities and 8 villages have Post, Telegraph and phone facilities. 5 villages have only phone facilities. Thus the number of villages having telephone connections in the district are not very large.

As regards communication out of 693 villages, 623 villages have facilities for a bus stop. The villages where bus stops are not available are 10 in Jamnagar, 3 in Lalpur, 5 in Jamjodhpur, 34 in Bhanvad, 1 in Kalyanpur, 4 in Okhamandal, 7 in Khambhalia, 3 in Jodiya, 1 in Dhrol and 2 in Kalavad.

There are 31 railway stations in the district.

As regards the electric power supply, out of 693 villages, 422 villages have electric power supply either for domestic or for agricultural or industrial purpose. This means that almost 61 per cent of the villages have been electrified in the district. Jamnagar, Lalpur, Bhanvad, Dhrol and Kalavad are the talukas where, maximum number of villages have been electrified, the electrification in Jamnagar and Lalpur talukas being almost 100 per cent.

On the basis of the amenities noted in the Village Directory a brief analysis of the different anenities has been made which is as follows :

Amenities in villages

The Table 1 shows the distribution of villages according to the avaibility of different amenities :

TABLE 1

DISTRIBUTION OF VILLAGES ACCORDING TO THE AVAILABILITY OF DIFFERENT AMENITIES

Sl. No.	Name of Taluka	No. of Inhabited Villages	Number (with percentage) of villages having one or more of the following amenities							
			Education	Medical	Drinking Water	Post and Telegraph	Market/ Hat	Communication	Approach by Pucca Road	Power Supply
1	2	3	4	5	6	7	8	9	10	11
1	Jamnagar	99	96 (96.97)	25 (25.25)	99(100.00)	44(44.44)	..	90 (90.91)	36(36.36)	95 (95.96)
2	Lalpur	70	70(100.00)	18 (25.71)	70(100.00)	33(47.14)	..	67 (95.71)	10(14.29)	70(100.00)
3	Jamjodhpur	69	66 (95.65)	21 (30.43)	69(100.00)	38(55.07)	..	64 (92.75)	15(21.74)	33 (47.83)
4	Bhanvad	80	54 (67.50)	18 (22.50)	80 (100.00)	30 (37.50)	..	46 (57.50)	10(12.50)	44 (55.00)
5	Kalyanpur	65	63 (96.02)	13 (20.00)	65(100.00)	43 (66.15)	..	64 (98.46)	17(26.15)	19 (29.23)
6	Okhamandal	42	39 (92.86)	8 (19.05)	41 (97.62)	11 (26.19)	..	38 (90.48)	15 (35.71)	5 (11.90)
7	Khambhalia	79	75 (94.94)	41(51.90)	79 (100.00)	25 (31.65)	..	72 (91.14)	23 (29.11)	33 (41.77)
8	Jodiya	50	50(100.00)	18 (36.00)	50(100.00)	40 (80.00)	..	47 (94.00)	16 (32.00)	23 (46.00)
9	Dhrol	41	41 (100.00)	10 (24.39)	41(100.00)	17 (41.46)	..	40 (97.56)	17 (41.46)	30 (73.17)
10	Kalavad	98	97 (98.98)	14 (14.29)	98(100.00)	58 (59.18)	..	96 (97.96)	12 (12.24)	70 (71.43)
	Total	**693**	**651 (93.94)**	**186(26.84)**	**692 (99.86)**	**339(48.92)**	..	**624(90.04)**	**171(24.68)**	**422(60.89)**

All the villages in the district have drinking water facility either by way of a well or tank or tubewell or handpump, river, etc. While taking down this data adequacy of drinking water is not looked into. It is also seen that about 94 per cent of the total villages of the district have the facility of Primary Education and 42 villages do not have Primary Education. Jodiya, Dhrol and Lalpur talukas have Primary Education in all the villages. Bhanvad is the only taluka where this facility is available in about 67 per cent of the total villages and about 26 villages do not have Primary Education facility in this taluka.

The medical amenities are available in 27 per cent of the total villages of the district, the percentage varies from 51.9 per cent in Khambhalia taluka to 14.3 per cent in Kalavad taluka.

It is also observed from the statement that about less than half of the total villages of the district have the facility of post and telegraph. Among the various talukas, the highest, percentage of 80.0 per cent is recorded in Jodiya taluka as against the lowest of 26.2 per cent found in Okhamandal taluka. Only 4 talukas have these facilities in more than 50 per cent of the villages.

The Communication facilities by way of Bus or Train are available in about 90 per cent of the total villages of the district. The highest percentage of 98.5 per cent is in Kalayanpur taluka whereas the lowest one is in Bhanvad taluka which is only 57.5 per cent.

Only about 25 per cent of the total inhabited villages of the district have pucca road approches.

Only about 12 per cent of the villages of Bhanvad and Kalavad talukas are connected by the puccas roads. In Dhrol taluka 41.5 per cent of the total villages have the facility of pucca roads which is the highest in the district.

About 61 per cent of the total villages of the district have the facility of electric power supply. Four talukas, namely Lalpur, (100 per cent), Jamnagar (96.0 per cent), Dhrol (73.2 per cent) and Kalavad (71.4 per cent) fall above the district average whereas the rest of the talukas are below the district average.

Proportion of rural population served by different amenities.

The Table 2 shows proportion of rural population served by different amenities.

TABLE 2

PROPORTION OF RURAL POPULATION SERVED BY DIFFERENT AMENITIES

Sl. No.	Name of Taluka	Total Population of inhabited villages in the Taluka	Proportion of Rural Population served by the different the Amenity of							
			Education	Medical	Drinking Water	Post and Telegraph	Market/ Hat	Communication	Approach by Puca Road	Power Supply
1	2	3	4	5	6	7	8	9	10	11
1	Jamnagar	138,436	138,036 (99.71)	61,129 (44.16)	138,436 (100.00)	91,921 (66.40)	..	126,659 (91.49)	67,968 (49.10)	133,526 (96.45)
2	Lalpur	78,510	78,510 (100.00)	29,276 (37.29)	78,510 (100.00)	49,967 (63.64)	..	77,588 (98.83)	17,585 (22.40)	78,510 (100,00)
3	Jamjodhpur	90,827	89,807 (98.88)	52,932 (58.28)	90,827 (100.00)	70,660 (77.80)	..	88,017 (96.91)	31,602 (34.79)	62,634 (68.96)
4	Bhanvad	76,952	75,670 (98.33)	36,846 (47.88)	76,952 (100.00)	53,989 (70.16)	..	68,927 (89.57)	15,391 (20.00)	65,999 (85.77)
5	Kalyanpur	120,194	120,048 (99.88)	51,293 (42.68)	120,194 (100.00)	104,710 (87.12)	..	120,026 (99.86)	53,736 (44.71)	53,625 (44.62)
6	Okhamandal	37,182	36,824 (99.04)	14,066 (37.83)	37,177 (99.99)	19,363 (52.08)	..	36,043 (96.94)	20,177 (54.27)	12,241 (32.92)
7	Khambhalia	103,866	103,117 (99.28)	52,835 (50.87)	103,866 (100.00)	43,845 (42.21)	..	87,340 (84.09)	30,619 (29.48)	55,142 (53.09)
8	Jodiya	72,048	72.048 (100.00)	41.648 (57.81)	72.048 (100.00)	65,821 (91.36)	..	70,717 (98.15)	33,486 (46.48)	49,108 (68.16)
9	Dhrol	43,379	43,379 (100.00)	19,726 (45.47)	43,379 (100.00)	29,859 (68.83)	..	42,876 (98.94)	24.626 (56.77)	36.031 (83.06)
10	Kalavad	110,090	109,988 (99.91)	34,351 (31.20)	110,090 (100.00)	84.753 (76.99)	..	108,697 (98.73)	22,905 (20.81)	90,841 (82.52)
	Total	**871,484**	**867,427 (99,53)**	**394,102 (45.22)**	**871,479 (100.00)**	**614,888 (70.56)**	..	**826,890 (94.88)**	**318,095 (36.50)**	**637,662 (73.17)**

It will be seen from the above table that Lalpur, Jodiya and Dhrol have been covered in full by primary eductional facilities whereas the facilities in other talukas near to 100 per cent.

As regards medical facilities the coverage is 45.2 per cent. The drinking water supply coverage is also 100 per cent in all villages.

As regards post and telegraph facilities the talukas of Jamjodhpur, Bhanvad, Kalyanpur, Jodiya and Kalavad are well covered whereas the rest of the alukas are yet to progress. Khambhalia tal ka has he lowest percentage of post and telegraph facilities. As regards communications the coverage is fairly wide except in Khambhalia taluka where it is only 84 per cent as compared to more than 90 per cent in other talukas. The postion of approaches to the villages by pucca roads is not so satisfactory and only about 36 per cent of the rural population is covered by pucca approach roads to their villages, The position in Lalpur, Bhanved and Kalavad is most unsatisfactory whee hardly 20 to 22 per cent of the rural population have good pucca road facilities.

As regards power supply the talukas of Lalpur and Jamnagar have the biggest coverage whereas Kalyanpur and Okhamandal have the least coverage.

Distribution of villages not having certain Amenities arranged by distance ranges from the places where these are available

Table 3 shows the distribution of villages not having certain amenities arranged by distance ranges from the places where these are available.

TABLE 3

DISTRIBUTION OF VILLAGES NOT HAVING CERTAIN AMENITIES, ARRANGED BY DISTANCE RANGES FROM THE PLACES WHERE THESE ARE AVAILABLE

Sl. No.	Village not having the amenity of	Number of villages where the amenity is not available and available at distance of			
		—5 kms.	5-10 kms.	10+kms.	Total (Col. 3-5)
1	2	3	4	5	6
1	Education	20	16	6	42
2	Medical	447	25	35	507
3	Drinking Water	..	1	..	1
4	Post and Telegraph	194	121	39	354
5	Market/Hat	..	..	..	..
6	Communication	41	22	6	69

It will be observed from the above table that in all 42 villages of the district have no Education facilities for Primary Education available in the villages. Out of these villages, in 20 villages this facility is available at a distance of less than 5 Kms. and in case of 16 villages this facility is available at a distance of 5-10 Kms.

Out of 693 villages 507 villages of the district having no medical facilities, most of the villages have this facility available at a distance of less than 10 Kms. whereas in about 7 per cent of the total villages the same are available at a distance of more than 10 Kms. from the villages. As regards drinking water facility only one village has this facility at a distance of 5-10 Kms. In respect of post and telegraph facility, 354 villages have no such facilities and 315 villages have such a facility at a distance of about less than 10 kms. from the village whereas 39 villages have this facility at a distance of 10 or more Kms. away from the village.

As regards market/hat facilities, there is no system of weekly/fortnightly market/hat in the villages of this district and hence the information has been recorded as 'NIL'.

In respect of communication facilities 69 villages have no such facilities and 63 villages have such a facility at a distance of about less than 10 Kms. from the villages whereas 6 villages have this facility at a distance of 10 or more Kms. away from the village.

Distribution of villages according to the distance from the nearest town and availability of different amenities

The Table 4 shows the distribution of villages according to the distance from the nearest town and availability of different amenities.

TABLE 4

DISTRIBUTION OF VILLAGES ACCORDING TO THE DISTANCE FROM THE NEAREST TOWN AND AVAILABILITY OF DIFFERENT AMENITIES

Sl. No.	Distance Range from the nearest Town (in Kms.)	No. of inhabited villages in each range	Number (With percentage) of villages having the amenity of							
			Education	Medical	Drinking Water	Post and Telegraph	Market/ Hat	Communication	Approach by Pucca Road	Power Supply
1	2	3	4	5	6	7	8	9	10	11
1.	0 — 5	45	43 (95.56)	8 (17.78)	45 (100.00)	21 (46.67)	..	38 (84.44)	22 (48.89)	37 (82.22)
2.	6 —15	215	200 (93.02)	59 (27.44)	215 (100.00)	98 (45.58)	..	193 (89.77)	67 (31.16)	144 (66.98)
3.	16—50	426	401 (94.13)	119 (27.93)	425 (99.77)	216 (50.70)	..	386 (90.61)	81 (19.01)	241 (56.57)
4.	51+	7	7 (100.00)	..	7 (100.00)	4 (57.14)	..	7 (100.00)	1 (14.29)	..
5.	Unspecified	..	..	..	..	..	..	..	..	..
	Total	**693**	**651 (93.94)**	**186 (26.84)**	**692 (99.86)**	**339 (48.92)**	..	**624 (90.04)**	**171 (24.68)**	**422 (60.89)**

45 villages in the district are in the 0-5 Kms. range of the nearest town out of which about half the number have no facility for Post and Telegraph or Pucca Roads, only 8 villages have medical facilities. The other facilities of Primary Education, Drinking Water, Communications and Power Supply being quite satisfactory.

215 villages (about 31 per cent) out of total 693 villages are situated at a distance range of 6-15 Kms. from the nearest town. In these villages also in about 46 per cent villages have Post and Telegraph facilities whereas 31 per cent villages have Pucca Roads and 27 per cent villages have medical facilities. The other facilities are satisfactory.

426 villages (about 61 per cent) are at a distance range of 16-50 Kms. from the nearest town out of which about half the villages have Post and Telegraph and Power Supply facilities whereas only about 28 per cent have medical facilities and 19 per cent have pucca Road approaches.

7 villages are in the distance range of 51 Kms. and more from the nearest town where no power supply and medical facilities are available and Pucca Road facility is poor.

Distribution of villages according to population ranges and amenities available

Table No. 5 shows the distribution of villages according to Population range and amenities available.

TABLE 5

DISTRIBUTION OF VILLAGES ACCORDING TO POPULATION RANGE AND AMENITIES AVAILABLE

Sl. No.	Population Range	No. of inhabited villages in each range	Number (with percentage) of villages having the amenity of							
			Education	Medical	Drinking Water	Post and Telegraph	Market/ Hat	Communication	Approach by Pucca Road	Power Supply
1	2	3	4	5	6	7	8	9	10	11
1	Up to 499	147	106(72.11)	6(4.08)	146(99.32)	12(8.16)	..	101(68.71)	17(11.56)	55(37.41)
2	500—1,999	439	438(99.77)	97(22.10)	439(100.00)	225(51.25)	..	419(95.44)	101(23.01)	270(61.50)
3	2,000—4,999	99	99(100.00)	76(76.77)	99(100.00)	95(95.96)	..	97(97.98)	47(47.47)	89(89.90)
4	5,000 above	8	8(100.00)	7(87.50)	8(100.00)	7(87.50)	..	7(87.50)	6(75.00)	8(100.00)
	Total	**693**	**651(93.94)**	**186(26.84)**	**692(99.86)**	**339(48.92)**	..	**624(90.04)**	**171.(24.68)**	**422(60.89)**

It will be seen from the table that there are 147 villages below 500 population out of which the maximum facility is available in respect of Drinking Water (99.32 per cent) followed by Education (72.11 per cent), Communications (68.71 per cent), Power Supply (37.41 per cent), Approach by Pucca Road (11.56 per cent), Post and Telegraph (8.16 per cent) and lastly Medical (4.08 per cent).

There is an increasing trend in the availablity of facilities with the increase in population range of the villages and the villages with more than 5,000 Population are very well covered with drinking water, education, power supply, communications, etc.

Staple food

Table 6 shows the main staple food in the majority of the vaillages in each taluka of the district.

TABLE 6

MAIN STAPLE FOOD IN THE MAJORITY OF VILLAGES IN EACH TALUKA

Sl. No	Name of Taluka	Main Staple Food
1	2	3
1	Jamnagar	Bajri, Jowar, Wheat, Rice
2	Lalpur	Bajri, Jowar, Wheat, Rice
3	Jamjodhpur	Barji, Jowar, Wheat
4	Bhanvad	Bajri, Jowar, Wheat
5	Kalyanpur	Bajri, Jowar, Wheat, Rice
6	Okha-mandal	Bajri, Jowar, Wheat, Rice
7	Khambhalia	Bajri, Jowar, Wheat, Rice
8	Jodiya	Bajri, Jowar, Wheat, Rice
9	Dhrol	Bajri, Jowar, Wheat, Rice
10	Kalavad	Bajri, Jowar, Wheat, Rice

From the above table 6 it is seen that the Bajri, Jowar, Wheat and Rice are the main staple food of most of the villages of the talukas. Only in two talukas, namely, Bhanvad and Jamjodhpur, Rice is not found to be staple food.

Land Use

The Table 7 shows the distribution of villages according to their land use.

TABLE 7

DISTRIBUTION OF VILLAGES ACCORDING TO LAND USE

Sl. No.	Name of Taluka	No. of inhabited villages	Total Area	Percentage of cultivable area to total area		Percentage of irrigated to total cultivable area	
1	2	3	4	5		6	
1	Jamnagar	99	*112,446	91,237	(81.14)	15,029	(16.47)
2	Lalpur	70	104,344	74,084	(71.00)	11,118	(15.01)
3	Jamjodhpur	69	102,184	66,353	(64.93)	5,658	(8.54)
4	Bhanvad	80	69,669	48,549	(69.69)	5,611	(11.56)
5	Kalyanpur	65	141,222	108,019	(76.49)	9,123	(8.45)
6	Okhamandal	42	63,661	45,163	(70.94)	713	(1.58)
7	Khambhalia	79	120,112	88,334	(73.54)	9,404	(10.65)
8	Jodiya	50	79,107	61,774	(78.09)	6,536	(10.58)
9	Dhrol	41	53,059	44,133	(83.18)	3,766	(8.53)
10	Kalavad	98	120,858	89,702	(74.22)	13,626	(15.19)
	Total	**693**	**966,662**	**717,348**	**(74.21)**	**80,584**	**(11.23)**

*Rural Area of Towns are not included.

The irrigated area to total cultivable area in the district is 11 per cent. Dhrol and Jamnagar talukas have the highest percent of cultivable area to total area (83 and 81 per cent respectively) whereas the percentages of other talukas vary between 64 per cent to 78 per cent. As regards irrigation facilities, Jamnagar, Lalpur and Kalavad have irrigation facilities of about 15 per cent to total cultivable area whereas Okhamandal is very poor in irrigation (1.58 per cent).

NOTE ON TOWN DIRECTORY

The list of urban areas for the purpose of 1981 Census was finalised in consultation with the State Government. The following criteria were applied for the purpose of determining any area as an urban area.

(a) All places with a municipality, municipal corporation or cantonment board or notified town area.

(b) All other places which satisfied the following criteria :

1 A minimum population of 5,000

2 At least 75 per cent of the male working population engaged in non-agricultural (and allied) activity.

3 A population of at least 400 per Sq. Km. or a population of (1,000 per sq. mile.)

The Town Directory has been complied in the seven statements given in the Section II for all the urban areas of the district. For presentation of the data the towns of the district have been arranged in alphabetical order. The details of the data covered in these statements are as follows.

Note on Statement I

Townwise details relating to status and growth history are given in this statement by arranging the towns in alphabetical order. The civic administrative status of each town has been recorded in col. 2 of the statement. Col. 5 shows the area of the town in sq. kms. whereas col. 6 shows the number of households including houseless population. Col. 7 to 15 show the decadal growth history begining from 1901 to 1981. The last cols. 16 to 19 show the density and sex ratio of 1961, 1971 and 1981 of each of these towns. Only one town in the district has a municipality, one town has non-municipal area, 9 towns have Nagar Panchayats and 6 towns have Village Panchayats. Mithapur town which is an industrial town has no municipality or panchayat. The town administration is managed by the company. There is only one city with a population of more than one lakh. There is no town having a population of more than 50,000 but less than one lakh. Those having a population of more than 20,000 but less than 50,000 number 2 as against nil in 1971. Those having a population of more than 10,000 but less than 20,000 number 9 as against 11 in 1971 and those having a population of more than 5,000 but less than 10,000 are 4 as against 2 in 1971 and those having a population of less than 5,000 number 1 the same as in 1971.

The Urban growth rates of the different towns have been shown from Col. 7 to 15 of Statement I. It will be seen that during the last decade Jamnagar Urban aglemeration has shown the highest growth rate of 39.41 per cent followed by Salaya, Kalavad and Khambhalia where the growth rate has been 33.66 per cent, 33.27 per cent and 32.02 per cent respectively. Dhrol has recorded a growth rate of 30.29 per cent. All these growth rates are above the State average. The growth rates of other towns are not so appreciable.

The Jamnagar city, Khambhalia town and Digvijaygram are the most dense towns of the district.

The towns of Beyt, Bedi, Jodiya, Salaya and Sikka have more women than men. Out of these towns Jodiya and Salaya have maintained this proportion through all the three decades of 1961, 1971 and 1981. This may be mainly because of the poulation of fishermen and sailors, etc. in these towns.

Note on Statement II

This statement gives the physical aspects and the location particulars of towns.

Particulars regarding data on temperature and rainfall have been obtained from the Director General of Observatories, Meteorological Department, Government of India.

Distance of Gandhinagar State headquare from the towns of the district varies from the minimum of 233 Kms. from Kalavad to a maximum 545 from Beyt, Jamnagar the district headquarter is 346.5 Kms. away from Gandhinagar the State head quarter. All towns are connected by the railway stations except Beyt, Kalavad and Navagam Ghed. Beyt is only 4 Kms. away from the railway station of Okha whereas Kalavad is 26 Kms. away from the railway station of Jam Vanthli. The Navagam Ghed is very near to Jamnagar (about 1 km.) All towns have facility of bus route except Beyt.

Note on Statement III

This statement gives details of towns finances. In Jamnagar district one town has municipality, 9 towns have Nagar Panchayats and 6 towns have village Panchayats. Whereas one is non-municipal area The statement shows the receipts and expenditures under several heads. The receipts are shown differently for (1) Receipts through taxes, (2) Revenue derived from municipal property and power apart from taxation, (3) Receipts through Government grant, (4) Receipts through loans, (5) Receipts through advance and (6) Receipts through other sources. The expenditure side has been classified as expenditure on (1) general administration (2) Public safety, (3) public health, (4) public works, (5) public institutions and (6) others. On the basis of this statement a table No. 8 has been prepared which shows the per capita receipt and expenditure of all towns of the district.

The Table No. 8 shows the per capita receipt and expenditure in the different cities and towns.

TABLE 8

PER CAPITA RECEIPT AND EXPENDITURE IN TOWNS

Sl. No.	Class, Name and Civic Status of the Town	Per Capita								
		Receipt in Rs.			Expenditure in Rs.					
		Total	Receipt through taxes	Receipt from other Sources	Total	General Administration	Expenditure on Public Health and Conveniences.	Public Works	Expenditure on public institutions	Other Aspects
1	2	3	4	5	6	7	8	9	10	11

*Excluding Mithapur
N. A.=Not Available

It will be seen that the per capita receipt in respect of the different cities and town in the district is highest in respect of (1) Okha Port, (2) Jodiya and (3) Jamjodhpur. In respect of per capita expenditure the highest expenditure is in respect of Mithapur town followed by Okha Port and Jamjodhpur.

The per capita expenditure in general administration in case of Jamnagar city municipal area is much lower as compared to other towns like Beyt, Bhanvad, Dwarka, Khambhalia and Jamjodhpur where it is considerably high. The per capita expenditure on public health and other services in Okha Port and Jamnagar municipal area is the highest in the district, Dwarka and Bhanvad also almost having a similar ratio. Per capita expenditure on public works is highest in respect of Kalavad, Jamjodhpur and Sikka towns.

Note on Statement IV

Statement IV shows the civic and other amenities available in the towns.

Only two towns, *viz.*, Mithapur and Digvijaygram have sewers. Out of the reamining 15 towns, 11 towns have open surface drainage, and 4 towns have Cess Pool drainage.

As regards the number of latrines in these towns, it is found that Beyt, Digvijaygram, Dwarka, Bedi, Navagam Ghed, Jodiya, Mithapur, Okha Port, Salaya and Sikka have still service latrines. Jodiya and Mithapur has the highest number of service latrines which are 915 and 475 respectively.

As regards the method of disposal of night soil there are septic tanks in total 8 towns, *viz.*, Beyt, Dwarka, Jamjodhpur, Navagam Ghed, Kalavad, Lalpur, Okha Port and Salaya. Wheel-barrows are available in Dhrol, Jamnagar, Khambhalia and Sikka. The practice of headloads is still prevailing in Bhanvad, Bedi and Jodiya. Mithapur and Digvijaygram have sewerage.

Bhanvad, Digvijaygram, Bedi, Jamnagar, Jodiya, Khambhalia, Mithapur and Sikka have tap water supply whereas the other towns do not have tap wate supply but get their supply from well and tube-wells.

The municipality of Jamnagar and the non-Municipal area of Mithapur, the Nagar Panchayats of Khambhalia Jamjodhpur and Okha Port have firefighting services whereas the other town areas except these areas have no fire-fighting services. The towns which do not have the fire-fighting services avail of these services from the nearest town/city.

All towns have been electrified and there are domestic, industrial and commercial connections provided to these towns. The roads of these towns have also been provided road lights.

Note on Statement IV A

As the information regarding slum area has not furnished by the Jamnagar municipal authority, the same is nil in case of statement IV-A

Note on Statement V

The statement gives details relating to medical, educational, recreational and other cultural facilities in the towns. In the case of medical institutions only Government, Semi-Government and charitable institutions have been covered.

Hospital facilities are available in seven towns, *viz.*, Dhrol, Digvijaygram, Bedi, Jamnagar, Navagam Ghed, Khambhalia, and Mithapur. Three towns, *viz.* Jamnagar, Jodiya and Khambhalia have T. B. Centres. Five towns, *viz.* Jamjodhpur, Jamnagar, Kalavad, Khambhalia and Salaya have the facility of Health Centres. Nine towns, *viz.*, Jamjodhpur, Bedi, Jamnagar, Jodiya, Kalavad, Lalpur, Okha Port, Salaya and Sikka have the facility of Family Planning Centres.

No. of Beds in Medical Institutions in Towns

The details of number of beds in medical institutions in the towns are given in Table 9 :

TABLE 9

NUMBER OF BEDS IN MEDICAL INSTITUTIONS IN TOWNS

Sl. No.	Class, Name and Civic Status of the Town	No. of Beds in Medical Institutions per 1,000 Population
1	2	3
1.	IV Bedi (NP) ..	(*See Jamnagar U.A.*)
2	VI Beyt (VP) ..	..

15	IV Okha Port (NP) ..	0.34
16	IV Salaya (NP) ..	0.23
17	V Sikka (VP) ..	..
	Total ..	**2.63**

The district average for all the towns shows that there are an average 2.60 bed per 1,000 population in towns. Mithapur (5.26), and Khambhalia (2.81), are all above the district average. The rest of the towns are below the district average.

The number of beds in medical institutions per 1,000 population varies from 5.25 in Mithapur town to 0.21 in Jamjodhpur town. Mithapur being an industrial town has good medical facilities.

Educational facilities in the towns

There are three towns, *viz.*, Jamnagar, Dwarka and Jamjodhpur which have Arts colleges whereas Jamnagar has a science and commerce college.

There is one medical college at Jamnagar City in the district. There is no Engineering college or Polytechnic in any of the towns. Primary educational facilities are available in all the towns in the district.

Table 10 shows the number of different categories of schools per 10,000 population in towns of Jamnagar district.

TABLE 10

	Total ..	**0.767**	**0.594**	..	**3.087**

Note: In Gujarat State the level of Education are classified as under ;

(i) Primary (From Std. I to VII passed),

(ii) Secondary / Matrivlation (From Std. VIII to X passed),

(iii) Higher Secondary (From Std. XI to XII passed).

Hence the details under Col. 5 are not shown.

The average number of higher secondary, intermidiate, junior college per 10,000 population for all towns is 0.767. Such averages in respect of number of secondary/matriculation and junior secondary/ middle are 0.594 and 0.690 whereas the average of primary schools per 10,000 population for all towns is 3.087.

As regards the number of higher secondary junior college most of the towns of the district have this facility except Beyt, Bedi and Navagam Ghed where the same are not available.

As regards primary education a maximum number of primary schools per 10,000 population is found in Khambhalia town (4.930) as against the minimum of 0.468 in Dwarka town. There are other four towns, *viz.*, Dhrol (4.743), Jodiya (4.396), Okha Port (4.230) and Jamjodhpur (4.115) where the number of primary schools per 10,000 population, are above the district average. Three more towns, *viz.*, Bhanvad (3.883), Jamnagar (3.092), and Mithapur (3.154) are above the average. The rest of the towns fall below the district average of 3.087 per 10,000 population.

There are shorthand and typewriting institutions in five towns, *viz.* Bhanvad, Dwarka, Jamnagar, Kalavad and Okha Port.

There are adult education classes in Beyt, Jamnagar, Mithapur and Okha Port. There is one working women hostel each at Dhrol and Jodiya.

There are no stadia in the district.

11 towns have cinema houses. Bedi, Beyt, Digvijaygram, Lalpur, Salaya and Navagam Ghed do not have cinema houses.

There are auditoriums/drama/community halls at Digvijaygram, Dwarka, Jamnagar, Mithapur and Okha Port.

There are public libraries in all towns except Salaya and Navagam Ghed.

Note on Statement VI

Statement VI shows the details regarding trade, commerce, industry and banking in the towns.

Important commodities manufactured in the towns of the district are groundnut oil, leather goods, cement, brass parts, salt, alluminium utensils, soda ash, lime, bricks, Bandhani (Sarees), Benzene—Hexachloride, Calcium Bauxite, oil engines and their spare parts, fertilizer mixtures, indigenous woollen blankets, handloom cloth and printed sarees, etc. cement is manufactured as well as exported from Dwarka and Digvijaygram. Leather goods are manufactured and exported from Dhrol. Fish is exported from Bedi and Salaya. Jodiya, Sikka and Salaya are manufacturing and exporting salt. Mithapur is well known for manufacture and export of soda ash. Mithapur is also exporting sodium Bicarbonate and Salt. Okha Port is exporting Bauxite Calcium Chemicals and Cement. Groundnut Oil is manufactured and exported from many towns, *viz.*, Bhanvad, Jamjodhpur, Kalavad, Khambhalia, Lalpur and Dhrol.

Other important commodities exported from the towns of the district are Ghee, Wheat, Bajri, etc. There is a woollen Mill at Jamnagar which produces and exports woollen cloth, blankets, etc.

Most Important Commodities, Manufactured, Imported and Exported in Towns

The Table 11 shows the most important commodities manufactured, imported and exported in the different towns in the district.

TABLE 11

MOST IMPORTANT COMMODITY MANUFACTURED, IMPORTED AND EXPORTED IN TOWNS

Sl. No.	Class, Name and Civic Status of the Town	Most Important Commodity

16	IV Salaya (NP)	Salt	Salt	Petrolium Products
17	V Sikka (VP)	Salt	Salt	Stone

All the towns and cities in the district have banking facilities, Nine towns, *viz.*, Digvijaygram, Dwarka, Jodiya, Mithapur, Okha Port, Salaya, Sikka, Bedi and Navagam Ghed have no agricultural credit societies. There are Non-agricultural credit societies in ten towns of Beyt, Bhanvad, Dhrol, Kalavad, Khambhalia, Okha Port, Salaya, Jamnagar and Bedi.

Appendix to the Town Directory given in section II shows towns showing their outgrowths with population

NOTE ON PRIMARY CENSUS ABSTRACT

The District PCA of Jamnagar district showing talukawise total, rural and urban population is included in Part B of the volume. The Distri Primary Census Abstract is followed by talukaw Primary Census Abstracts.

This part also contains the District Primary Census Abstract for SC/ST population followed by taluka/citywise Primary Census Abstract of SC/ST population.

A brief analysis of the Primary Census Abstract is as follows :

Population, Number of villages and Number of Towns-1981 in the District

The population by areas, number of villages and number of towns within each taluka/mahal of the district are given in the Table 12.

TABLE 12

POPULATION, NUMBER OF VILLAGES AND TOWNS, 1981

10	Kalavad	126,874	64,465	62,409	110,090	55,860	54,230	16,784	8,605	8,179	98	98	1
	Total	**1,393,076**	**714,785**	**678,291**	**871,484**	**445,036**	**426,448**	**521,592**	**269,749**	**251,843**	**751**	**693**	**17**

The total population of Jamnagar district during 1981 Census is 1,393,076 which works out at 4.09 per cent of the total State Population. The rural Population is 3.71 per cent of total Rural Population of the State whereas Urban Population is 4.92 per cent of the Urban Population of the State.

The district ranks thirteenth in population out of total 19 districts of the State.

It will be seen from the above table that out of total 751 villages 58 villages are without population whichcomes to about 8 per cent of total villages. The maximum percentage of uninhabited villages (about 46 per cent of total villages) is noticed in Okhamandal taluka, mainly due to the inclusion of islands in the sea. The Maximum number of villages (99) are recorded in Jamnagar taluka closely followed by Kalavad with 98. The minimum of 41 villages are in Dhrol taluka. Out of total 17 towns in the district half the number of towns are in Jamnagar and Okhamandal talukas whereas Kalyanpur is the only taluka which has no town and is entirely rural.

The maximum urban population is in Jamnagar taluka. This is because of the inclusion of Jamnagar City, which contributes about 64 per cent of total urban Population of the district.

Decadal change in distribution of population in the district

Table 13 shows the talukawise details regarding the decadal change in population during the last decade of 1971-81.

TABLE 13

DECADAL CHANGE IN DISTRIBUTION OF POPULATION

Sl. No.	Taluka	Population 1971			Population 1981			Percentage Decadal Variation (1971-81)		
		Total	Rural	Urban	Total	Rural	Urban	Total	Rural	Urban
1	2	3	4	5	6	7	8	9	10	11
1	Jamnagar	360,133	119,253	240,880	472,482	138,436	334,046	+ 31.20	+ 16.09	+38.68
2	Lalpur	72,142	64,628	7,514	88,123	78,510	9,613	+ 22.15	+ 21.48	+27.93
3	Jamjodhpur	97,236	80,651	16,585	110,266	90,827	19,439	+ 13.40	+ 12.62	+17.21
4	Bhanvad	76,124	62,615	13,509	92,403	76,952	15,451	+ 21.38	+ 22.90	+14.38
5	Kalyanpur	91,595	91,595	..	120,194	120,194	..	+ 31.22	+ 31.22	..
6	Okhamandal	76,803	29,072	47,731	93,543	37,182	56,361	+ 21.80	+ 27.90	+18.08
7	Khambhalia	115,448	82,458	32,990	147,632	103,866	43,766	+ 27.88	+ 25.96	+32.66
8	Jodiya	75,140	65,863	9,277	83,422	72,048	11,374	+ 11.02	+ 9.39	+22.60
9	Dhrol	45,118	33,791	11,327	58,137	43,379	14,758	+ 28.86	+ 28.37	+30.29
10	Kalavad	101,604	89,010	12,594	126,874	110,090	16,784	+ 24.87	+ 23.68	+33.27
	Total	**1,111,343**	**718,936**	**392,407**	**1,393,076**	**871,484**	**521,592**	**+ 25.35**	**+ 21.22**	**+ 32.92**

It will be seen that there are only four talukas, namely, Jamnagar, Kalyanpur, Khambhalia and Dhrol where the percentage decadal variation recorded is above the district average of 25.35 per cent in the last decade. The minimum percentage of 11.02 per cent is found in Jodiya tuluka as against the maximum of 31.22 per cent found in Kalyanpur taluka.

In case of Rural areas Kalyanpur which has no urban area ranks first in growth with 31.22 per cent whereas Dhrol taluka with 28.37 per cent growth ranks second. The rural growth of Kalyanpur which has no urban area during the last decade can be considered spécticular which needs further probe.

In case of urban areas Jamnagar taluka has the maximum growth rate of 38.68 per cent followed by Kalavad taluka with 33.27 per cent the lowest urban growth rate being 14.38 per cent in case of Bhanvad taluka.

Distribution of Villages by Population Ranges

The details of distribution of villages by population ranges are given in Table 14 given below:

TABLE 14

DISTRIBUTION OF VILLAGES BY POPULATION RANGES

Range of Population	No. of villages in each range	Percentage of villages in each range
1	2	3
Less than 200	50	7.21
200—499	97	14.00
500—1,999	439	63.35
2,000 —4,999	99	14.28
5,000—9,999	6	0.87
10,000 and above	2	0.29
Total ..	**693***	**100.00**

*Exclusive of 57 Uninhabited Villages, 1 entire village included in Jamnagar Urban Agglomeration.

The above distribution does not includ the 58 uninhabited villages. The highest numbe (63.35 per cent of total) of villages are found in ther population range of 500-1999. The last twoe Population ranges, namely, 5,000 to 9,999 and 10,000 and above contribute only about 1.2 per cent of the total villages of the district. These villages are six in the range 5,000 to 9,999, *viz.*, (1) Alia, (2) Bhatiya, (3) Surajkaradi, (4) Balambha, (5) Latipur and (6) Kharadi and two in range 10,000 and above those being Raval and Khambhalia (Rural). Out of total inhabited villages there are 50 villages which have population less than 200.

Density of Population

Table 15 shows the distribution of villages by density of popul tion.

TABLE 15

DISTRIBUTION OF VILLAGES BY DENSITY

Range of density (per sq. km.)	Total No. of villages in each density range	Percentage of village in each density range
1	2	3
Lest than 10	5	0.72
11—20	4	0.58
21—50	100	14.43
51—100	322	46.46
101—200	206	29.73
201—300	23	3.32
301—500	6	0.87
501 and above	3	0.43
Not known	24	3.46
Total ..	**693***	**100.00**

*Exclusive of 57 Uninhabited villages and 1 entire village included in Jamnagar Urban Agglomertion.

Here also 58 villages which have no population were not taken into account for calculating the density. The maximum number of villages (322) are found in the density range of 51-100 per sq.km. as against the minimum of 3 villages seen in the last range of 501 and above per sq.km. There are 24 villages for which the density could not be calculated on account of non-availability of separate areas for these villages. The areas of such villages were found to be merged with the areas of other villages. The two ranges, namely, 51-100 and 101-200 together contributed 76.2 per cent of the total inhabited villages. These two density ranges cover more than $\frac{3}{4}$th of the villages.

Population of Scheduled Castes and Scheduled Tribes in Villages and Town

The total Scheduled Caste population of the district is 101,619 which is 4.17 per cent of the total Scheduled Caste population of the State whereas the total Scheduled Tribe population of the district is 4,280 which is 0.09 per cent of total Scheduled Tribe population. The Scheduled Caste population of the district is 7.29 per cent of the total district population whereas the Scheduled Tribe population is 0.31 per cent of the total district population, Table 16 given below shows the proportion of Scheduled Castes population to total population in the villages.

TABLE 16

PROPORTION OF SCHEDULED CASTE POPULATION TO TOTAL POPULATION IN THE VILLAGES

Percentage range of Scheduled Castes Population to total population	No. of villages in each range	Percentage of villages in each range
1	2	3
Nil	95	13.71
5 or less	245	35.35
6—10	178	25.69
11—15	102	14.72
16—20	35	5.05
21—30	32	4.62
31 and above	6	0.86
Total	**693***	**100.00**

*Exclusive of 57 Uninhabited villages and 1 entire village included in Jamnagar Urban Agglomeration.

There are 95 villages (13.71 per cent of total villages) in the district which have no Scheduled Castes at all whereas in 245 villages (35.35 per cent of total villages) the total Scheduled Caste population is less than 5 per cent.

The average Scheduled Caste population of the district is 7.29 per cent of the total population. There are 178 villages which constitute 25.69 per cent of total villages having more than 6 to 10 per cent of Scheduled Caste population.

Six villages, namely, Khara Beraja and Pirotan (Bet) of Jamnagar taluka, Gala of Lalpur taluka, Sogathi of Jamjodhpur taluka, Hamusar of Okhamandal taluka and Golida of Dhrol taluka have Scheduled Caste population which is more than 31.00 per cent of the total population of these villages.

In Table 17 shows the proportion of Scheduled Tribes population to total population in the villiages during 1981 Census is given.

TABLE 17

PROPORTION OF SCHEDULED TRIBE POPULATION TO TOTAL POPULATION IN THE VILLAGES

Percentage range of Scheduled Tribe population to total population	No. of villages in each range	Percentage of villages in each range
1	2	3
Nil	639	92.21
5 or less	33	4.76
6—15	6	0.87
16—25	..	..
26—35	1	0.14
36—50	..	..
51 and above	14	2.02
Total	**693***	**100.00**

*Exclusive of 57 Uninhabited villages and 1 entire village included in Jamnagar Urban Agglomeration.

The district can be treated as non-tribal district as 92.21 per cent of the total villages of the district have no Scheduled Tribe population during the 1981 Census. The remaining villages which are less than 8 per cent of total villages have Scheduled Tribe population. The percentage of Scheduled Tribe population to total population varies from 5 per cent to 51 per cent and above. The villages situated in Barda and surrounding hill areas have recorded more than half the total population as Scheduled Tribe population. There are 14 villages, namely, (1) Naliyero, (2) Malvada, (3) Ravno Nes, (4) Kansaliyo Nes, (5) Ranivav Nes, (6) Dhedhakhuna Nes, (7) Bado Nes, (8) Dhramni Nes, (9) Khodiyar Nes, (10) Dholadhuna Nes, (11) Satsagar Nes, (12) Abhpar Nes, (13) Khatariyo Nes and (14) Ranasar Nes which have more than 51 per cent of population of the villages as Scheduled Tribe population whereas one village, namely, Vadwala of Jamjodhpur taluka has 26.35 per cent of total population as Scheduled Tribe population.

The proportion of Scheduled Castes/Scheduled Tribes population in all the towns of the district is given in Table 18 given .

TABLE 18

PROPORTION OF SCHEDULED CASTES / SCHEDULED TRIBES POPULATION IN TOWNS

15	Okha Port	11,820	723	86	6.12	0.73
16	Salaya	17,398	354	24	2.03	0.14
17	Sikka	9,650	350	..	3.63	..
	Total ..	**521,592**	**35,854**	**1,178**	**6.87**	**0.23**

An average of 6.87 per cent of Scheduled Caste population is recorded in the urban areas of the district. The proportion is only 0.23 per cent in case of Scheduled Tribe population. The maximum Scheduled Castes population which is 25.74 per cent of the total population of the town is recorded in Mithapur town as against the minimum of only 0.84 per cent noticed in Beyt town. There are 6 other towns which have more than the average percentage of Scheduled Caste population, namely, Digvijaygram (21.14 per cent), Dhrol (11.63 per cent), Lalpur (10.48 per cent). Bhanvad (8.48 per cent), Navagam Ghed (7.87 per cent) and Khambhalia (7.73 per cent). There is not a single town in the district which has contributed even 1 per cent of Scheduled Tribe population during the 1981 Census. The towns Digvijaygram and Jodiya have no Scheduled Tribe population at all.

Literacy Rates in Villages and Towns

The total literacy rate of the district which was 32.04 per cent in 1971 Census has increased to 40.52 per cent in 1981 Census. The district ranks-twelfth in literacy rate in the State during 1981-Census. The percentage of male literacy is 50.24 per cent where as the percentage of female literacy is 30.29 per cent, which is lower than the State average of 54.43 per cent and 32.30 per cent respectively.

Literacy Rate by Population Ranges of Villages

The Table 19 shows the literacy rates of the different popultaion ranges of the villages of the district.

TABLE 19

LITERACY RATES BY POPULATION RANGES OF VILLAGES

Range of Population	No. of villages in each range	Literacy rate
1	2	3
Less than 200	50	19.06
200—499	97	28.48
500—1,999	439	29.99
2,000—4,999	99	35.18
5,000—9,999	6	44.42
10.000 & above	2	35.49
Total	**693***	**32.42**

*Exclusive of 57 Uninhabited Villages and 1 entire Village included in Jamnagar Urban Agglomeration.

It is seen from these figures that with the increase in size of population of the villages the Literacy rate also gets increased *viz.* the literacy rate is directly connected to the population of the villages. In 5000-9999 population range there are six villages namely, Alia, Bhatiya Suraj Karadi, Balambha Latipur and Kharadi the total literacy rate of which works out as highest which is 44.42 per-cent. In two villages of the range 10,000 and above *viz.*, in Raval (Kalyanpur taluka) and Khambhalia (Rural) (Khambhalia taluka) the total literacy works out at 35.49 per cent. In 50 villages of population range of less than 200 persons the total literacy rate is 19.06 per cent.

Literacy Rates of Towns

The literacy rates of towns in the district are shown in Table 20 given below:

TABLE 20

LITERACY RATES FOR TOWNS

Sl No.	Name of the Town	Literacy Rate
1	2	3
1.	Bedi	(*See Jamnagar U. A.*)
2.	Beyt	.. 28.12
3.	Bhavnad ..	.. 56.86
4.	Dhrol	.. 52.28
5.	Digvijaygram	.. 54.93
6.	Dwarka	.. 57.52
7.	Jamjodhpur	62.77
8.	Jamnagar ..	(*See Jamnagar U.|A.*)
	Jamnagar U. A. ..	.. 56.19
	(a) Bedi ..	.. 16.10
	(b) Jamnagar ..	.. 58.62
	(c) Navagam Ghed ..	.. 37.61
9.	Jodiya ..	.. 43.57
10.	Kalavad ..	.. 55.41
11.	Khambhalia ..	.. 62.03
12.	Lalpur ..	.. 56.55
13.	Mithapur ..	.. 48.91
14.	Navagam Ghed ..	(*See Jamnagar U.|A.*)
15.	Okha Port ..	.. 51.74
16.	Salaya ..	.. 22.40
17.	Sikka ..	.. 23.28
	Total	.. **54.07**

It is interesting to note that the literacy rates recorded in Jamjodhpur and Khambhalia towns are considerably higher than the rates found in Jamnagar city. These towns which have comparatively smaller population than Jamnagar city have progressed very well in literacy rates. More than half (total 10 out of 17) of the total towns including Jamnagar city have recorded above 50 per cent literacy rate which varies from 51.74 per cent in Okha Port town to 62.77 per cent in Jamjodhpur town. The remaining seven towns have recorded literacy rates below 50 per cent which varies from the minimum of 16.10 per cent in Bedi town to 48.91 per cent in Mithapur town. Sikka, Salaya and Bedi towns have the lowest literacy rates.

Total Literates, Workers and Non-Workers and Scheduled Castes/Scheduled Tribes in the District

Table No. 21 shows the total literates, total workers and non-workers and total population of Scheduled Castes/Tribe in the different talukas of the district as recorded during 1981 Census.

TABLE 21

LITERATES, WORKERS, NON-WORKERS, SCHEDULED CASTE/TRIBE POPULATION IN THE DISTRICT

Scheduled Caste/Scheduled Tribe Population

The percentages of Scheduled Caste Population varies from 5.26 per cent in Khambhalia taluka to 11.37 per cent in Okhamandal taluka. The respective percentages in rural areas also vary from 5.17 per cent to 10.64 per cent respectively in the same talukas. Kalyanpur is entirely a rural taluka. The highest percentage of 11.85 per cent is found in urban areas of Okhamandal very closely followed by Dhrol taluka with 11.63 per cent. The lowest percentage of 4.50 per cent is found in Jodiya taluka.

Only Jamjodhpur taluka has recorded more than 1 per cent as Scheduled Tribe population both in total and in rural areas. In the remaining talukas, the percentages of Scheduled Tribe population to total population are below 1 per cent in all areas.

Literates

The percentage of literate persons in talukas vary from 49.57 per cent in Jamnagar taluka to 24.80 per cent in Kalyanpur taluka. The highest and lowest percentages of literate persons in rural areas of talukas are found in Jodiya and Okhamandal talukas respectively. The respective percentages are 43.01 per cent and 21.33 per cent. The percentages of literate persons in urban areas vary from 62.77. per cent in Jamjodhpur taluka to 43.57 per cent in Jodiya taluka. The talukas of Lalpur, Bhanvad, Kalyanpur, Okhamandal, Khamblalia and Dhrol which are below the average district literacy rate of 40.52 per cent need more attention in Education.

Workers and Non-Workers

The highest percentage of Main Workers is found in Jamjodhpur taluka (34.38 per cent) very closely followed by Lalpur and Kalavad talukas with 33.56 per cent and 33.16 per cent respectively. It is also worth noting that the percentages of Main Workers in respect of Males are more than 50 per cent practically in all the talukas except Jodiya taluka where 49.95 per cent are recorded as Male Main Workers. It will also be evident that in respect of Main Workers the male workers out number the female workers in all talukas whereas a quite reverse trend is noticed in respect of Marginal Workers where female workers heavily out number the male workers in all talukas of the district.

From Table 21 it will be seen that in respect of urban areas of the talukas the percentage of male Main Workers vary from 52.36 per cent in Jamjodhpur taluka to 45.67 per cent in Dhorl taluka. The respective percentages of female workers vary from 10.26 per cent in Jamjodhpur taluka to 3.45 per cent in Khambhalia taluka. It is also evident that the number of total Marginal Workers in rural areas in each taluka is abnormally high as compared to urban areas. It is interesting to note that the number of total Male Marginal Workers in rural areas are higher than urban areas except in Okhamandal taluka. Where Male Marginal Workers in urban areas are higher than those in Rural areas of the Taluka. The factors contributing to such higher rates in rural areas may be due to the marginal participation of these persons in various activities, viz. farming, agricultural labourers, household industry, etc.

The percentages of total workers to total population vary from 41.07 per cent in Jamjodhpur taluka to 30.09 per cent in Okhamandal taluka. The respective percentages also vary in case of male-workers from 55.15 per cent in Jamjodhpur taluka and 50.71 per cent in Dhrol taluka.

Growth Rate, Density and Sex-Ratio of Urban Population

Table 22 shows the growth rate, density and sex ratio of urban population in the district in relation to the State.

TABLE 22

GROWTH, DENSITY AND SEX-RATIO OF URBAN POPULATION IN THE DISTRICT IN RELATION TO THE STATE

		Jamnagar District						Gujarat State					
Sl. No.	Census Year	Total Population	Urban Population	Percentage of Urban Population.	Decadal percentage Variation in Urban Population.	Density (Population per Sq. Km.)	Sex ratio (No. of Females per 1,000 Males)	Total Population	Urban Population	Percentage of Urban Population	Decadal Percentage Variation in Urban Population	Density (Population per Sq. Km.)	Sex ratio (No. of Females per 1,000 Males)

2	1961	828,419	293,658	35.45	+45.98	16.27	927	20,633,350	5,316,624	25.77	+20.07	27.99	896
3	1971	1,111,343	392,407	35.31	+33.63	930	932	26,697,475	7,496,500	28.08	+41.00	16.25	893
4	1981	1,393,076	521,592	37.44	+32.92	12.21	934	34,085,799	10,601,653	31.10	+41.42	22.25	905

It is observed from the table that the percentage of urban population to total population in Jamnagar district is higher than the State average during all the four Censuses. There is an increasing trend in urban population in the district which has risen from 32.61 in 1951 to 37.44 in 1981. During 1951-61 when the State urban population increased by only 20 per cent the district urban population of Jamnagar increased by double the State average, *i. e.*, about 46 per cent.

The maximum density of 1,627 per Sq. Km. in Jamnagar district and 2,799 per Sq. Km. in Gujarat was observed during 1961 Census. There is a declining trend in sex ratio in the district from 982 to 934 over the period 1951 to 1981 as against the increasing trend from 915 to 942 for the State as a whole.

Proportion of Slums Population in Towns

Table No. 23 shows the proportion of Slum Population in towns.

TABLE 23

Proportion of Slums Population in Towns

Sl. No.	Class, name and civic status of the town	Proportion of the slums population total population of the town	Density in slums (per Sq. Km.)
1	2	3	4
1	I Jamnagar (M)	Not reported by the municipal authority	

The towns, namely, Navagam Ghed and Digvijaygram have been added as new towns during 1981 Census. Navagam Ghed which was a rural area in 1971 is included in the urban agglomeration of Jamnagar city whereas Digvijaygram is newly formed town as a result of bifurcation from the existing Sikka town. No town of 1971 Census has been declassified during 1981 Census.

New Towns added/Towns Declassified in 1981 Census

Table No. 24 given below gives the information of new towns added or towns declassified in 1981 Census.

SECTION II—TOWN DIRECTORY

LIST OF ABBREVIATION USED IN THE TOWN DIRECTORY

Statement I

Col. 2-Civic Administrative Status of Town

1	Municipal Corporation	MC
2	Municipality	M
3	Municipal Board	MB
4	Municipal Council	MCl
5	Cantonment Board/Cantonment	CB
6	Notified Area / Notified Area Committee/Notified Committee	NAC
7	Town Committee/Town Area Committee	TC
8	Town Board	TB
9	Gram Panchayat/Village Panchayat	GP./ VP
10	Nagar Panchayat/Town Panchayat	NP

Statement IV

Col. 6-Road Length

1	Pucca Road	PR
2	Kuccha Road	KR

Col. 7-System of Sewerage

8	Sewer	S
2	Open Surface Drains	OSD
3	Box Surface Drains	BSD
4	Sylk Drains	SD
5	Cesspool Method	CD
6	Pit System	Pt

Col. 11-Method of Night Soil

1	Head Loads	HL
2	Baskets	B
3	Wheel Barrows	WB
4	Septic Tank Latrines	ST
5	Sewerage	S

Col. 12-13—Protected Water Supply-Source and Capacity of Storage Systems

1	Overhead Tank	OHT
2	Service Reservoir	SR
3	River Infiltration Gallery	IG
4	Borewell Pumping System	BWP
5	Pressure Tank	PT
6	Tubewell Water/Handpump	TW
7	Tap Water	T
8	Well Water	W
9	Tank Water	TK
10	Others	O

Statement V

Col. 4-5 Medical Facilities

1	Hospital	H
2	Dispensary	D
3	Health Centre	HC
4	Family Planning Centre	FC
5	T. B. Clinic	TB
6	Nursing Home	NH
7	Others	O

In Col. 4 the following additional abbreviations are used as follow :

1	Ayurvedic	A
2	Unani	U
3	Homoeopathic	Hom

Col. 6-Educational Facilities

1	Arts only	A
2	Science only	S
3	Arts and Science only	AS
5	Commerce only	C
5	Arts and Commerce only	AC
6	Combind for all categories Arts, Science and Commerce	ASC
7	Law	L
8	Commerce and Law	CL

Col. 10-Recognised Shorthand, Typewriting and other Training Institutions

1	Shorthand	SH
2	Typewriting	Type
3	Shorthand and Typewriting	Sh Type
4	Others	O

Col. 20—Recreational and cultural facilities

1	Public Library	PL
2	Reading Room	RR

Abbreviations releting to Class of Town

Population	Class
100,000 and above	I
50,000—99,999	II
20,000—49,999	III
10,000—19,999	IV
5,000—9,999	V
Below 5,000	VI

(Bk) H-30—37
