

COMMITTEE RECOMMENDATION SHEET

Subject: Finalisation of replies to pre-bid queries received against the RFP for Procurement, Consolidation and Packaging of Kit Items for Enumerators and Supervisors during Phase-II (Population Enumeration) of Census 2027.

Reference: RFP No. D-15020/2/2026-GEN dated 13-10-2026, CPP Tender ID 2026_ORGI_930222_1

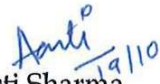

The pre-bid queries received from prospective bidders against the above-mentioned RFP, along with the proposed replies, were examined by the Tender Procurement Evaluation Committee (TPEC). After due deliberations, the Committee finalised the replies to the consolidated queries, as detailed in **Annexure**. The replies shall form the basis for communicating clarifications to the bidders through the CPP Portal, subject to approval of the Competent Authority.

Annexure

Sl. No.	Name of Firm(s)	Subject	Pre-Bid Queries	ORGI's Reply
1	Aurisine Digital, Elevra Tec	Average Annual Turnover	Increase the minimum average annual turnover from ₹80 crore to ₹100 crore.	The request is not accepted. The minimum average annual turnover shall remain ₹80 crore, as specified in the RFP.
2	Aurisine Digital, Elevra Tec	Experience criteria and similar multi-item kits	Increase the work-order value thresholds and/or clarify the definition of qualifying experience involving bags or similar multi-item kits.	The requests not accepted. The criteria shall remain the same as specified in the RFP.
3	Aurisine Digital, Elevra Tec, Faxonic, Pinnacle India	Qualifying bag specifications / similarity	Clarify whether bags supplied under past work orders must match the fabric, design, size or technical specifications of the bag in Annexure-V.	The RFP does not prescribe a separate bag specification for past-experience projects. Experience shall be assessed under Clause 1.13. Bags supplied under the present contract must conform to Annexure-V of the RFP.
4	Aurisine Digital, Elevra Tec, Pinnacle India	Quality certifications / CMMI	Add CMMI Level 3 or higher as a mandatory quality certification.	The request is not accepted.
5	Aurisine Digital, Elevra Tec, Faxonic, Pinnacle India	BIS certification and NABL test reports	Require BIS certification for bags and/or item-wise test reports from an NABL-accredited laboratory at bid submission.	The RFP does not prescribe BIS certification or item-wise NABL test reports for bags as mandatory bid-stage documents. Items must conform to Annexure-V and remain subject to the RFP's quality assurance and inspection provisions.
6	Aurisine Digital, Elevra Tec	Technical Bid document checklist	Clarify whether documents listed in Clauses 1.13 and 1.14 are mandatory and consolidate the requirements.	Bidders shall submit the documents and undertakings specified in Clauses 1.13 and 1.14, as applicable to the respective requirements. The published submission requirements remain unchanged.
7	Aurisine Digital, Elevra Tec	Reverse Auction	Reconsider Reverse Auction, disclose parameters in advance and/or provide safeguards against abnormally low bids.	The Reverse Auction parameters shall be configured on the CPP Portal in accordance with the prescribed NIC-CPP procedure. For details, bidders may refer to the Bidders Manual for Tender Cum Auction, available under Bidders Manual Kit on the CPP Portal (https://eprocure.gov.in/eprocure/app?page=BiddersManualKit&service=page). Safeguards against abnormally low bids shall be governed by the applicable provisions of the RFP and procurement rules.
8	Arora MediLines Pvt. Ltd.	Multiple manufacturers/OEMs for the same item	Permit sourcing the same Kit Item from two or three identified manufacturers/OEMs.	The bidder shall disclose each proposed source and its role/capacity in accordance with Clauses 1.6 and 1.7 and Form 12, with supporting evidence. The bidder remains fully responsible for quality and timely supply.
9	Raash Mechanicals Private Limited, Sandee Medicare Pvt. Ltd., Manishsha Packaging Pvt. Ltd.	Distribution Monitoring Software	Delete or make optional the undertaking to share the demonstration and credentials of the proposed Distribution Monitoring Software.	The request is not accepted. The undertaking to share the demonstration and credentials of the proposed Distribution Monitoring Software with ORGI, as specified in Clause 1.14, remains applicable.
10	Faxonic, Pinnacle India	Distribution Monitoring Software - prior experience	Clarify whether prior experience in implementing web-based distribution tracking/monitoring portals is mandatory.	Prior experience in implementing such portals is not separately prescribed as a technical eligibility criterion. The bidder shall comply with the Distribution Monitoring Software requirement in Clause 1.14.
11	Faxonic	Packing configuration and batch release timelines	Specify timelines for approval of packing configuration, inspection and batch/lot release.	The RFP requires approval of the packing configuration before bulk packing and clearance of batches/lots before dispatch wherever inspection/ testing is prescribed. No fixed number of days is specified; the bidder shall plan activities to meet the contractual delivery schedule.
12	Faxonic, Pinnacle India	Quantity variation and delivery period	Clarify whether the delivery period will be extended proportionately if quantities are increased under the variation clause.	The RFP permits quantity variation of up to 30% at accepted unit rates but does not provide for an automatic proportionate extension of the delivery period. Any extension required may be considered in such cases by ORGI.
13	Faxonic	Liquidated damages	Clarify whether LD applies to the delayed portion and how delays attributable to departmental inspections/approvals will be treated.	LD shall apply to the delayed portion, as per Clause 6.23 of the RFP. Delays attributable to departmental inspections/ approvals may be considered as per the applicable RFP provisions.
